Birthday Anniversary

PIONEER - Mrs. George Cur- that most storage houses and pretis sold her farm here in the Pio- mises in the control area have neer community to Mr. and Mrs. been cleaned of all onion bulbs Anderson and Mrs. Guard of Au- and sets, department officials re-

However, several growers who and Mrs. Gary Lawrence. After failed to comply with this order Mr. Curtis' death ten years ago were discovered. Full cooperation Mrs. Curtis moved to Dallas where of all growers as well as storage she is making her home with her owners is needed if the onion inson-in-law and daughter, Mr. and dustry is to reap the benefit of Mrs. William Hefner. The farm the control order, which was made has one of the largest prune orch- upon request of the growers them-

The department of agriculture sold Their farm to Mr. and Mrs. will make a complete inspection Roy Woodman of Dallas, Mr. and in the area during the first week Mrs. Clifford Garland who have in May, by which time it is hoped been living on the farm moved to that all onion bulbs and onion sets will be removed from the district. Removal applies to either bulbs

or sets that have been planted as

well as those not planted. Under the control area order, details of which are posted in the district, no onions may be produced except by planting of seed. The order provides also for destruction of all onion culls and waste onions in the early spring; and the removal of all onions in common storage in which aphis is

Deadlines for these compliances are already well passed and when the final inspection for the spring comes next week department officials are hopeful that every grower will have cooperated 100 per cent in carrying out the provisions of the order.
