McIndoe New Post Officer

CAMP ADAIR, Ore., April 27—Maj. William C. McIndoe, former chemical engineer with the Bonneville power administration at Portland, is the new post control officer at Camp Adair. He fills the vacancy left by Lt. Arthur Endres who is now with the post engineers.

Having served in World War I, Maj. McIndoe was called back to active service April 18, 1942, reporting to Fort Douglas, Utah, where he was commanding officer for the service command unit 1902, and was later transferred to Boise Barracks, Idaho. For a year he held the office of executive officer, provost marshal and detachment commander.

From there he was transferred to a prisoner of war camp at Pagago Park, Ariz., where he was commanding officer for several months, and later post intelligence and executive officer before coming to Adair.

Court Members Set Trip to Pendleton

Five of the seven members of the state supreme court will go to Pendleton Sunday where on Monday they will open the spring term of the court for eastern Oregon.

Four cases are on the docket. These include Benson vs. Williams, Hood River county; state vs. Raper, Deschutes county; state vs. Ewing, Grant county, and Elliott vs. Clement, Baker.

There will be a reargument in the case of Hunter vs. Allen, from Malheur county.

Chief Justice J. O. Bailey, Justices Hall S. Luak, Arthur D. Hay, James T. Brand and Harry Belt will go to eastern Oregon.

Portland WPB Office Gets More Authority
PORTLAND, Ore., April 27 (AP)—A simplified procedure under which district WPB offices at Portland, Seattle and Spokane can handle applications for construction work up to \$100,000 was announced here today by Kenneth Coleman, WPB regional director.

Such applications previously have been processed through Washington, DC.

Oregon Lawyers Give Free Legal Advice for Soldiers

CAMP ADAIR, April 27—While the answers to more than 2,000,000 legal problems that have worried the soldiers and their dependents during the past 12 months have been handled by the army's free legal aid program, according to an announcement by the war department recently, thousands of civilian lawyers have volunteered their services through local bar associations to speed up the service.

Every practicing lawyer in the state of Oregon has been enlisted by the Oregon state bar to provide free legal advice for the men and women of the country's armed forces as a patriotic and morale-building contribution of the lawyers to the war effort.

The program, worked out by the war work committee, of which Circuit Judge Walter L. Toozé of Portland is chairman, was approved by the board of governors over a year ago. At that time, Oregon went further than the bar of any other state, for legal services to men and women of the armed forces and their dependents were being furnished by a selected list of lawyers who had volunteered their services for the purpose.

The program adopted by the Oregon war committee called for the performance of such services by each and every member of the Oregon state bar in all parts of the state.

At Camp Adair, the lawyers of the counties of Linn, Marion, Benton and Polk have been attending at the camp two evenings each week. In Multnomah county, this direct service has been continued at the Portland air base. In addition, the Multnomah county bar association opened a general office in the George White service center in the USO centers in Portland, attended twice each week by a selected member of the local bar.

The service rendered includes all matters of advice, the drawing of all simple instruments such as power of attorney, deeds, contracts and wills. In all matters involving substantial property rights, and in all court appearances where the members of the armed forces are able to pay a reasonable fee, such fee is charged. The gratuitous services in court proceedings do not include court-marital proceedings, though advice is such proceedings, if solicited is freely given.

Free legal aid was expanded by the war work committee to include appearance in court in divorce cases under certain conditions with the provision that the attorney might pass on each case on its merits to determine whether their client could pay all or part of the regular fee. If he could not pay, the work would be free. The program calls for the right of any member of the armed forces or their dependents to call upon any member of the Oregon state bar at any time.

The committee, in working out the program, had the advice of Lt. Col. John W. Bonner, staff judge advocate of the 104th division at Camp Adair at that time and formerly attorney-general in Montana. In carrying out the work, the members of the Oregon state bar had the active assistance of the judge advocates located at the

Fifteen Perish In Ship Blaze

PORTSMOUTH, Va., April 27 (AP)—Fifteen workmen were killed by suffocating and at least 20 others were overcome by smoke and fumes tonight when fire broke out in the hold of a naval ship undergoing repairs at the Norfolk navy yard.

Fellow workers of the men caught in the ship crowded the dispensary at the navy yard to identify the bodies of the victims whose names naval officers declined to release immediately pending notification of their next of kin.

The fire broke out in the vessel about 6:20 o'clock tonight. The men employed in the repair work on the ship were civilian workers at the yard.

All available ambulances were sent from the Norfolk Naval hospital here to the navy yard to remove the workmen to the yard dispensary, where many were given artificial respiration.

Damage to the ship was said by a navy yard spokesman as not extensive.

Even on your busiest days be sure your House Cleaning is Sanitary House Cleaning ...for Greater Health Protection!

HAVE YOU noticed how some days turn out to be extra busy ... crammed with things to do? Yet, busy as you may be, you can't afford to neglect family health, especially now when there are fewer civilian doctors and medical facilities. A simple yet important health-protective measure is the use of Clorox in routine cleaning. Cultivate the healthful habit of Clorox-Cleanliness ... the type of cleanliness recommended by health authorities.

WHY TAKE CHANCES!

"When it's CLOROX-CLEAN it's hygienically clean!"

In the Kitchen make sure sanitation is not slighted, even on those extra busy days, for infection dangers can spread rapidly. High standards of sanitation are easily attained with Clorox. It disinfects, deodorizes, also removes stains from dishcloths, china, glass, tile, enamel, linoleum, wood surfaces; and it destroys mold ... reducing risk of food spoilage.

In the Bathroom, too, protective cleansing measures are important as an added health safeguard. For in the bathroom germs may be easily transmitted and as a result, it can be the most dangerous of all home "danger zones" ... unless made sanitary. Make hygienic cleanliness the rule by using Clorox in routine cleansing of washbasins, bathtubs and toilets.

In Laundering, Clorox gently bleaches dingy white cottons and linens snowy-white (brightens fast colors); makes them fresh, sanitary ... removes stains, scorch, mildew; and Clorox lessens rubbing, thus prolonging the life of hard-to-replace linens. By using Clorox in regular laundering process you assure whiter, brighter washes, greater health protection.

Clorox is ultra-refined, free from caustic, an exclusive, patented quality-features. It has the same full strength, same high quality standards, today as always. Simply follow directions on the label which also lists many important personal uses. Always ask for Clorox by name.
