Stocks Have **Bright Day**

NEW YORK, May 5-(AP)-Led by rails and specialties, the stock market donned its climbing clothes today and pushed up fractions to 3 or more points, a number of favorites reaching peaks for 1944.

Political hopefulness, earnings prospects, individual situations and waning of invasion apprehension were among motivating factors.

The Associated Press 60-stock average was up .4 of a point at 51.9, best advance since March 30, transfers totaled 786,890 shares, largest since April 19, compared with 513,190 Thursday. At new highs for the year or longer were Park & Tilford, which added 31/4 points to its recent sharp swing on the belief a whisky dividend was in the offing: Pacific Mills, American Can and Union Pacific.
