Religious Procession Beautiful

MT. ANGEL—The weather was ideal for the Corpus Christi procession at Mt. Angel Sunday morning, the cool cloudiness being kind to the festoons of red roses and other flowers and greens that decorated the three outdoor altars erected at the homes of Conrad Schmaltz, Mrs. Eva Erwert and Alois Keber. Even the flower petals scattered by the 20 little girls in white before the blessed sacrament did not wilt.

Later a wide trail of the petals marked the streets through which the symbol of the Lord of the world in the golden monstrance was carried by Rev. Lawrence Saalfeld, accompanied by about 2000 men and women and children. Mt. Angel firemen stood at the entrance to all the streets to keep them free of traffic.

Joseph L. Faulhaber and Aelred Berning directed the procession. The white silk canopy which was held over Father Saalfeld and his assistants, Rev. Vincent Koppert, Rev. Sebastian Terhaar and Rev. John Cumisky, as they marched was carried by George Schmidt, Mike Hopper, William Conrad and Louis Weisenfeld.

The procession and benedictions lasted an hour and followed the solemn high mass at St. Mary's church. The procession formed at the foot of the church steps where the Mt. Angel band waited. (The band had received a new member for the day in the person of one of the young Mexicans imported for work at the flax plant.) The band and the choir marched directly before the flower girls and clergy, and the solemn notes and words of the sacred music could be heard above the recitation of the rosary by the various groups as they marched. Colorful banners preceded each group, and the Boy Scouts carried the American flag and the gold and white flag of the church.

After the fourth benediction, for which the people returned to the church, the Te Deum was sung by the entire assembly.

"CATTLE SHIPMENTS CAN'T WAIT FOR A TARDY INSPECTOR..."

"Sure glad I've got a FORD!"

BY DON J. CRAIN
Colorado Brand Inspector
Denver, Colorado

As millions of Ford owners know, Ford cars are reliable. They last a long time. They cost very little to run and maintain. They are fast and powerful and comfortable, and they keep their good looks for years. That is why so many Ford owners today are saying, "Sure glad I've got a Ford!"

"ON THE GO IN ALL KINDS OF WEATHER. Cattle trains and trucks can't wait. But my Ford was built to hurry places safely. And it's the lowest-cost travel you could ask. So it'll be another Ford for me after the war!"

"GET YOUR LIFE! TAKE CARE OF MY FORD! It gets Ford Protective Service regularly. So I catch the little repairs before they get big. I need transportation I can depend on, and my 1936 Ford certainly delivers it."

NEWS NOTE—700 million gallons of water a day are pumped by the Ford powerhouses at the Rouge plant—as much as is used by Detroit, Cincinnati and Washington combined.

30,000,000 CARS AND TRUCKS HAVE BEEN BUILT BY FORD

Think, for a moment, what this flag represents

15,000 men make up an entire Army Division.

15,000 people is one for every mile of S. P. line.

15,000 men would man about 70 destroyers.

15,000 stars represent a lot of people. And there are over 15,000 stars on S. P.'s service flag—one of the largest service flags in the West.

But proud as we are of our service flag, we are more proud of the men its 15,000 stars represent. It's only natural for any company to feel that its men in service are just about the best Uncle Sam has. We feel S. P. men are. We know every single one of these S. P. men is doing a fine job for this very simple reason: Railroaders are accustomed to emergencies—accustomed to battling snow and rain and mountains and deserts and all the other obstacles that must be overcome every day to get the trains through safely and on time.

S. P. misses those 15,000 people—misses them badly now that we are facing the greatest transportation problems in railroad history. However, by way of supporting them, and of paying homage to the 56 among them who have made the supreme sacrifice, we have dedicated June 14, 1944, as Southern Pacific War Service Day—a day on which every S. P. man and woman here at home personally makes the following pledge:

- (1) We will provide the best service we possibly can under wartime conditions.
- (2) We will promote good teamwork in train operations and maintenance.
- (3) We will help recruit workers to meet our shortage of employees.
- (4) We will subscribe even more than before to the 5th War Loan Drive.
- (5) We will support the Red Cross and every other War Agency.

S-P

The friendly Southern Pacific
