## Income Tax Cut Lower in 1945

Announcement of the state tax levy for the next fiscal year and amount of the discount in state income tax payments for 1945, based on income for 1944, probably will be made by the state tax commission on or about August 1, commission members indicated Wednesday.

The commission said there would be no state property levy. Officials close to the commission estimated that the state income tax discount for 1945 probably would not exceed 40 percent and may be as low as 30 percent. This year's discount on state income taxes, based on 1943 incomes, was 75 percent.

Income tax collections for 1943 aggregated approximately \$20,000,000. No accurate estimate of this year's collections can be made at this time, commissioners said.

## Library Turns In First Budget

The state supreme court library has the distinction of being the first state activity to report its proposed expenditures for the next biennium, starting July 1, 1945, to the state budget division. All state departments have been urged by the budget division to send in their budget requests as soon as possible. The governor, under the law, is state budget officer and must pass on all items before they are referred to the legislature. Most officials predicted that operating budgets for the next biennium would be larger than those for the current biennial period due to increases in state salaries and wages and the advancing cost of commodities.

# Salem Man Oldest Guest

**Silverton Hills Group Has Reunion at Park In Vicinity**

SILVERTON—John F. Davis, of Salem, in his late 70's, was the oldest member of the Silverton Hills Old Timers group at the annual picnic Sunday at the community club grounds. Suzanne Keller, two months old, of the DuVal family, was the youngest.

Mrs. L. O. Hadley was reelected president. She will be assisted during the coming year by Mrs. Lora DuVal, vice president; Mrs. E. A. Beugli, secretary-treasurer; and Ila Murray and Fred Hadley, historians.

A period of silence was observed in honor of the many young men and women in the service. No formal program nor sports were included in the entertainment of the afternoon, but the more than 60 guests spent the time socially. A number told of old time happenings.

Cards of greeting were sent Mrs. Jane Moser of Silverton, 89, and Mrs. Clara Hubbard, 84, of Marquam, older members not present.

Next year's committee members are, Mrs. Carl Specht, publicity; Carl Specht and Mrs. Lewis Hall, kitchen; and Mrs. Lenna Elliott, program.

# Capt. Rawls to Discuss Army's Training Plans

Captain S. W. # Rescue Coon Dog After Ten Days

LESTERVILLE, Mo., July 12—(P)—The rescue efforts of 40 men and boys who spent 10 days blasting and chipping through a limestone bluff were successful tonight and "Old Drive", a 10-year-old coon hound was lifted out of an unexplored underground cave in the most inaccessible heart of Missouri's Ozark mountains.

"Old Drive" called by his owner, Farmer Jake Light, "the best coon dog in Reynolds county" fell into a narrow ravine and down into the cave during a raccoon hunt July 2.

About 70 persons were on hand tonight as Henry Light, son of the dog's owner, leaned over the hole the farmers had made, tossed a lasso around the animal, and lifted him to the surface.

This is a battery

Like with your purse, it's what's inside a battery that counts.

It costs lots of electricity to start the engine, light lights, play the radio. And the battery pays the check.

Until one day, (the day you're in a terrible hurry) you step on the starter and nothing happens.

So this ad is to scare you into keeping up your battery. Because once it's out of current-cy your car is a dead pigeon.

Scared? Well, then drive to the nearest place where Shell service is offered and turn the problem over to experts. Shell people know how often your battery needs water; how to prevent corrosion; how to adjust hold-down clamps so they won't crack the cells; etc., etc.

They even have new batteries to sell to people who refuse to be scared into keeping up their old ones.

And they know all about Shell lubrication, too. That's a service, including battery check-up, that protects all your car's expensive gears, shackles and things.

Important? Well, rather! 5000 cars are scrapped every day by Wartime Stop and Go driving... most of them from neglect of things that regular Shell lubrication would keep healthy.

LADIES! A FREE BOOKLET—Alice in Motorland tells all you need to know about keeping the family car in fine fettle. Saves time, trouble and money. Ask for your copy at any Shell pump.
