"For Outstanding Production Achievement" reads the official message that conveys the news of the United States Maritime Awards to Wade-Multnomah! This, the highest honor that has come to our organization since its founding in the farm implement field in 1865, will serve as a constant inspiration to keep our war production up to the highest possible peak until Victory has been won. In tribute to the skill and industry that the men and women of Wade-Multnomah have put into the Maritime construction programs since 1942, the "M" Pennant, Victory Fleet Flag and Merit Badges for all workers will be awarded.
