

Yank Heavies Pound Secret Weapon Labs

LONDON, Aug. 4 (AP)—More than 1200 American heavy bombers strongly protected by 1000 fighters carried out a smashing attack today on the Germans' "secret weapon" experimental laboratories at Peenemunde, on the Baltic coast 100 miles north of Berlin.

Explosives were cascaded upon other military targets inside Germany along with the assault on the Peenemunde laboratories, where flying bombs, rockets and jet-propelled planes are developed.

Following up these raids nearly 750 RAF Lancasters tonight hit Nazi oil storage depots at Paudlitz and Beudamers, just north of Bordeaux.

Fortresses and Liberators struck sharply at fighter component plants and airfields at Anklam, 47 miles northwest of Stettin, aircraft assembly plants at Rostock on the Baltic coast 110 miles northeast of Berlin, port installations at Kiel and an oil refinery at Bremen.

Oil refineries at Hamburg and Harburg, across the Elbe river from Hamburg, also were bombed by the Americans.

Some of the bomber formations had sharp clashes with enemy fighters in the Hamburg area but others saw no German craft. Flak was heavy at Hamburg and Bremen.

American losses were 14 bombers and 16 fighters missing while the bomber escorts shot down a total of 38 enemy planes.

Quezon's Body Laid to Rest

WASHINGTON, Aug. 4 (AP)—The body of Manuel Quezon, first president of the Philippines who died at Saranac lake Tuesday, was placed in a mausoleum at Arlington cemetery today.

A 119-gun salute was fired as the flag-draped coffin entered the cemetery on a horse-drawn caisson. President Roosevelt was represented at the services by Adm. Ernest J. King and Gen. George C. Marshall.

Quezon's family and his successor as president, Sergio Osmeña, were among those attending a requiem mass at St. Matthew's cathedral.

The body will be returned to the Philippines for burial when the islands are liberated.

"Odd" Couple Under Arrest

MARSHALL, Tex., Aug. 4 (AP)—Highway Patrolmen Earl Elliott and M. D. Rogers said tonight they had arrested a 52-year-old Benton, Ark., man and his 12-year-old great niece to whom he was married and were holding the couple in Jefferson, Tex.

The arrest was made, they said, at the request of Sheriff Ross McDonald of Benton who they stated had a warrant for the couple. The nature of the charges was not revealed.

The man and the girl were married a week ago at a town near Benton, the officers stated.

Mrs. Dixie Johnson, federal court clerk at Jefferson, said no federal charges will be filed against the couple.

Pole Factions To Negotiate

MOSCOW, Aug. 4 (AP)—Negotiations between Stanislaw Mikolajczyk, premier of the Polish government in exile, and the Soviet-supported Polish committee of national liberation are expected to open tomorrow with Polish unity the objective.

Mikolajczyk's two-and-a-half hour conference with Premier Stalin last night left the unification problem to be settled, if possible, among the Poles themselves.

If the Polish negotiations make harmonious progress there is an indication that the concluding steps may be taken in Warsaw just as soon as that capital city is freed by the Red army and Polish corps fighting along the Vistula river.

LOS ANGELES (AP)—The visiting farmer, just in from San Bernardino county, told police he was leaving a cafe when two men approached, told him they were bouncers and accused him of not paying his check. When he produced his wallet, he said, they grabbed it and fled. It contained \$700.

WASHINGTON, Aug. 4 (AP)—Sen. James M. Mead of New York took over the chairmanship of the senate war investigating committee today with a pledge to keep politics out of its activities.

Elected unanimously to succeed Sen. Harry S. Truman, who led the committee through three and a half years of inquiries into all phases of the home front war program, the New Yorker told reporters:

"It is my intention to carry on along the same non-partisan lines and with the same investigative policies as were established under the chairmanship of Senator Truman. The committee has authorized me to say that they completely and unequivocally support this position."

Snell Asked to Uphold Decision of Judge

PORTLAND, Ore., Aug. 4 (AP)—Gov. Snell was asked to uphold a 1943 opinion of Federal Judge John C. Bowen of Seattle, who ruled the Union Mutual Fire Insurance Co. was liable to the Northwestern Mutual Fire Association to the extent of \$26,897 instead of about \$39,000 claimed by Northwestern. The money was part of the insurance on Tacoma Narrows bridge.

PRACTICE MAKES PERFECT

Wife Elated Over Exploits Of Pvt. McKay

GRAND ISLAND, Neb., Aug. 4 (AP)—"When he left home last November, I told him to get Hitler, and it looks like he made a good start," Mrs. Marjorie McKay said tonight when she learned how her husband, Pvt. Donald M. McKay, termed the "Sergeant York" of Brittany, killed six Germans and captured 28 more in action near Rennes.

Mrs. McKay, employed at the Grand Island army air field supply office, did not learn of her husband's exploit until she arrived home this evening to see the Associated Press story on the front page of the newspaper. "It just floored me when I read about it," Mrs. McKay declared. "I guess we don't recognize the qualities of people nearest to us."

Mrs. McKay said she had just mailed a letter, asking her husband to "please tell what he was doing."
