

Rye Futures Rally Strongly

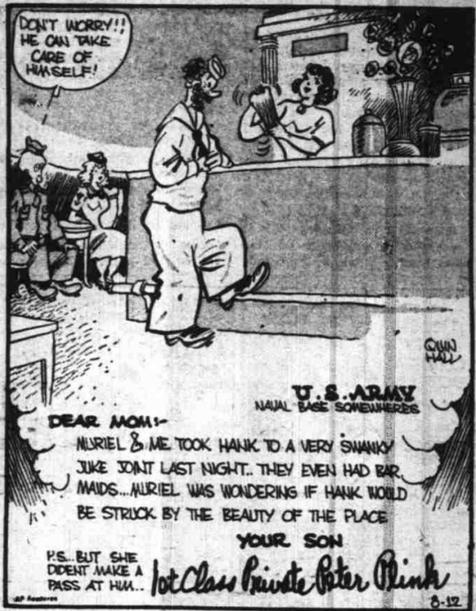

CHICAGO, Aug. 14 (AP)—Rye futures slumped to new seasonal lows for December and May contracts today, then rallied strongly on commission house buying and short-covering to close with gains of as much as 1 1/2 cents a bushel.

Favorable war news, and harvesting of the big spring wheat crop in the northwest and in Canada, prompted much of the early selling.

Wheat finished 3/4 off to 1/2 up, compared with Saturday's close, September \$1.53 1/2, after September and May had equalled the season's lows of \$1.53 1/2 add \$1.53 1/2, respectively.

The grain storage situation in Kansas City and other southwestern terminals was reported increasingly acute because of large receipts and slow movement of government owned grain from elevators.

Some Stocks Show Strength

NEW YORK, Aug. 14 (AP)—Quiet strength was exhibited by motors, rubbers and assorted industrials in today's stock market but steels and rails were laggards while many other leaders stumbled.

Investors again picked scattered favorites on the persistent idea that, if the European war ends soon, reconversion may not be so troublesome as some had expected and that stocks with good peace-time prospects could go places when the victory bells peal.

The junior automobile group came to life for a while after the opening but failed to get far out in front. Fractional price variations were mixed at the close with plus signs in the majority. Dealings were slack throughout.

The Associated Press 60-stock average was unchanged at 54.9. Of 644 issues registering, 365 were up, 269 down and 210 unchanged. Transfers of 687,700 shares compared with 944,390 Friday and were the smallest for a full stretch since July 31.

In front were General Motors, Chrysler, Graham-Paige, Hup Motors, Goodyear, Goodrich, Montgomery Ward, American Can, American Telephone, Braniff Airways (at a 1944 peak), Douglas Aircraft and North American. Losers included Santa Fe, NY Central, Southern Pacific, US Steel, Bethlehem, Sperry, Consolidated Edison and Sears-Roebuck.

Evergreen Blackberry Harvest Starts on Monday in Howell

NORTH HOWELL—Evergreen blackberry picking started Monday in many fields in this community. Several yards picked some last week.

Owing to the very dry weather the crop is expected to be lighter than average.

Combine harvesters are running full time and the grain crop is very good.

NOTICE TO CREDITORS Notice is hereby given that the undersigned, by an order of the Circuit Court of Marion County, State of Oregon, duly made and entered on the 16th day of June, 1944, was appointed executor of the estate of August C. Steingrube, deceased.

Wheat Market In Portland Still Weak

PORTLAND, Aug. 14 (AP)—Slumping tendencies that have held the Portland wheat market for several weeks were in control during the week that ended Saturday, the War Food administration reported today.

Both ordinary and protein types slumped around a cent a bushel during the period as buyers showed an almost complete lack of interest. The weakness pervaded all domestic markets, but the sagging tendency was offset somewhat by drought in the east, heavy purchases by CCC and more grain going under loan, spring wheat marketing in many sections of the country was delayed by rain and storms.

Representing largely CCC purchases, 350 cars were received at Portland during the week, with 685 received at other Columbia river and Puget sound terminals. Neither mills nor elevators were actively in the market, and growers were not inclined to offer at current quotations.

The harvest of winter wheat continued throughout the state, with generally satisfactory results. Some local hail and wind damage has been reported. Late spring grain reportedly needs rain.

The general undertone of the Portland cash market was very quiet and weaker as the week ended.

World supplies, based upon August 1 prospects, will be somewhat under those of 1943-44, the WFA reported. Stocks in the four major exporting countries, the United States, Canada, Argentina and Australia, not including new crop grain in North America, are estimated at 1139 million bushels, or about 610 million bushels less than a year earlier.

Eisenhower Tells Forces Of Opportunity

SUPREME HEADQUARTERS ALLIED EXPEDITIONARY FORCE ADVANCE COMMAND POST IN NORMANDY, Aug. 13 (Delayed)—(AP)—Gen. Dwight D. Eisenhower told his forces today they had created a "fleeting but definite opportunity" for a major victory and that this week could be "a brilliant and fruitful week for us, a fateful one" for the nazis.

In an order of the day addressed to "allied soldiers, sailors and airmen," the supreme commander asked for a special effort "because the victory we can now achieve is infinitely greater than any it has so far been possible to accomplish in the west and because this opportunity may be grasped only through the utmost in zeal and determination and speedy action."

Gen. Eisenhower asked airmen to blast the enemy unceasingly day and night; called on sailors to guard against enemy escape or reinforcement by sea; and asked his soldiers "to go forward with his assigned objective with the determination that the enemy can survive only through surrender."

For the past three days the supreme commander has been in almost constant conference with his battle commanders, working at pressure reminiscent of the closing days of the Tunisian and Sicilian campaigns which he directed.

Schoenfeld to Speak At Cattle Club Picnic

GRANTS PASS, Aug. 14 (AP) Dean W. A. Schoenfeld, dean of agriculture at Oregon State college, will be the principal speaker at the Oregon Jersey Cattle club picnic here next Sunday.

Wheat Market In Portland Still Weak

Silverton Reports Egg Shortage

SILVERTON—A shortage of eggs in the Silverton local food markets is reported by food stores. Stores were paying 36 cents for eggs Saturday—when they could get them, the owners reported.

Many of the home owners who established small family flocks in the summer of 1942, when food shortages were first feared, have given up the ventures, it is said, either because feed was too high or simply because the "hens didn't lay anyway."

More people speak English than any other language.

Quotations at Portland

Portland Livestock

PORTLAND, Ore., Aug. 14 (AP)—(WFA)—Cattle—Salable 3000, total 3400, holdover 250; calves salable 300, total 325. First he sees her and then he doesn't. Gildersleeve begins to question his own sanity as Marion Martin, "the invisible girl," dodges in and out of the atmosphere adding to Gildy's embarrassment in RKO Radio's latest laugh festival, "Gildersleeve's Ghost." Harold Peary, of radio fame, again presents the famous character of Gildersleeve, now at the Grand.

Some people have asked: "WHY THE RISING SUN IN YOUR TRADE MARK?" It started soon after Pearl Harbor. People wrote in and asked us to do something about the sun in our famous old trade mark. They thought it was a rising sun and it reminded them of Japan. We like to think that this emblem is now symbolic of Japan, but in another way. You can be sure that Southern Pacific and all the other railroads are trying hard to hasten the day when Japan's rising sun will set permanently!
