Canners Will Bid on Extra Pear Crops. PORTLAND, Ore., Aug. 30.—(Special)—The regional office of distribution of the war food administration said today 56 canners in California, Utah and Idaho are being invited to submit bids for the canning of an estimated 20,000-ton surplus of Bartlett pears in Oregon and Washington. Donald E. Wilcox, regional OD fruit and vegetable representative, said the tonnage is the amount estimated to be in excess of Pacific northwest canners' capacity to process, whereas the California pear crop this year was below normal. Under the program, the WFA will defray the extra cost of transporting the surplus fruit to canneries in the three states which enter bids and pay growers the applicable support prices of \$75 per ton for No. 1 grade pears and \$48 per ton for the No. 2 grade.

Peace Rumor Drops Grains. CHICAGO, Aug. 30.—(AP)—Improved supplies of livestock feed and Allied successes in Europe encouraged a bearish trade in grain futures today and commission houses and professional operators were aggressive sellers in markets where buying support was slow to develop. Rumors, later denied, that radio broadcasting chains had been ordered to stand by for a special announcement immediately resulted in peace talk and all futures broke sharply. A rally followed denial of the reports. July rye, May wheat and barley and all oats contracts hit new seasonal lows during the day. July oats sold at 60 1/2¢ at the close, the lowest price for any delivery of that grain since May, 1943. At Kansas City wheat closed as much as 2 1/2¢ cents below the day's best figure and at one time corn was off four cents. At the close wheat was 1 1/2¢ to 2¢ cents lower than yesterday's finish, September \$1.54 1/4. Oats were off 1 1/2¢ to 2¢, September 67¢. Rye was 1/4¢ to 2/4¢ lower, September \$1.04 1/4. Barley was off 1/4¢ to 2/4¢, September \$1.13 1/4.

Nazi Execute 50 Policemen, FFI in Paris. PARIS, Aug. 30.—(AP)—A wave of popular indignation swept Paris tonight following the execution of bodies of 50 French policemen and members of the FFI which were listed as victims of Nazi terrorism in the metropolitan area. French newspapers said they had been shot by German SS troops without trial in the week preceding the fall of Paris. Some had been ordered to dig their own graves and many had been tortured without being formally accused or told the reason for their arrest. Eight bodies were recovered three days ago from a common grave in the courtyard of the Caserne de la Republique, a German barracks in the heart of Paris. Eight more were found in Luxembourg Gardens, in the university quarters, and 34 were exhumed from three pits in the woods at Vincennes, a suburb east of Paris. Other pits were expected to yield more bodies. Those killed near Vincennes were held prisoner in a chateau. Forty escaped on Aug. 19, a day after 14 captives had been tortured and killed. One Franchman who was a prisoner in the chateau, said this group was compelled to dig its own burial pit and then forced to dance in the courtyard until exhausted while SS troops shot at their legs. When they collapsed, he said, Nazi soldiers put pistols to their heads and fired. Other prisoners had to carry the bodies to the pit and help clean up the execution grounds. Nine days ago, 11 more were taken from the castle dungeon and killed. One victim was shot before the eyes of his 17-year-old brother.

Wheat Crop Above Normal. SCIO—Threshing and combining is virtually complete in this area. Good yields were reported in most instances. The wheat crop is said to be considerably above normal. Many from Scio are picking hops at nearby yards, with good wages being realized at the going price of 3 1/2¢ cents per pound to pickers. However, most pickers from this area have not attained last year's highs, when a good picker averaged as much as \$15 per day. Bean harvest in the Jefferson and Marion areas, where a number of Scio women and children assisted in the picking, is virtually complete, with normal yields in most instances, except where beans became culls because of lack of pickers.

California Fire Under Control. LOS ANGELES, Aug. 30.—(AP)—Curtailed crews late today were patrolling the meandering borders of a foothill fire which had swept some 8000 acres of brushland edging the San Fernando valley, destroying at least 25 homes and endangering many more. The fire, which started late yesterday in the woodland hills section within the Los Angeles city limits, was regarded as definitely under control, but Fire Capt. John Newcomb said the patrol would be maintained until all possibility of a new flareup due to shifting winds had been averted.

Stock Market Looks Better. NEW YORK, Aug. 30.—(AP)—Selective recoveries, mainly in post-war favorites, kept the stock market looking a bit better today although persistent reconversion doubts left many leaders faltering in the background. Advances of fractions were reduced or cancelled in a number of cases at the close. Helping volume were blocks of 29,000 United Gas, 1/4¢ to 1 1/2¢, and 25,000 Commonwealth & Southern, up 1/4¢ to 1 1/2¢. The Associated Press average of 60 stocks was ahead 1/4¢ of a point at 55. Of 846 issues registering, 457 were up and 389 down or unchanged. Transfers of 894,655 shares compared with 619,760 Tuesday.
