

### US Bombers Hit Jap Ships In Kurile Raid

ALEUTIAN HEADQUARTERS, 11th Air Force, Aug. 27—(delayed)—(AP)—In the second consecutive day of army-navy air raids against Japan's Kurile island back door, navy Ventura crews reported a 7000-ton oil tanker was left in flames today after a direct hit amidships and a damaged freighter exploded after a strafing attack.

The raids against northern Japanese shipping and Kurile island installations were made by army and navy bombers of the combined aerial task force commanded by Maj. Gen. Davenport Johnson and Commodore Leslie E. Gehres.

Lt. Andrew Goller of Hanston, Kans., and his army Mitchell bomber crew sank their second enemy patrol vessel. They got their first on August 12.

The Venturas, operating from fleet air wing four's outer Aleutian base, caught the oiler off Onnekotan island. The freighter was attacked in Suribachi bay, Paramushiro island.

Army Mitchells swooped down in a low level attack on a force of 10 or 12 small Japanese patrol vessels in Paramushiro strait, between Paramushiro and Shilmushu islands. In addition to one definitely sunk, another was left drifting in the water in sinking condition. The sinking was the eighth credited to the Mitchell squadron since May. Lt. Douglas Banker of Jackson Heights, Long Island, and his crew of another Mitchell drew credit for an assist in the latest sinking.

### Grain Futures In Recovery

CHICAGO, Aug. 31—(AP)—Grain futures showed recovery power today, gaining more than a cent a bushel in some cases on buying by commercial interests, commission houses and shorts. Part of yesterday's sharp losses were regained.

Only September oats showed a strong contrary movement, dipping at one time to a new seasonal low of 66¢ but recovering somewhat near the close.

Rye was in active demand. Profit taking cut some of the gains, however.

Gains in both rye and wheat partly were a technical reaction following the losses yesterday. Mills bought wheat, also, and there were reports of moderate flour business.

Wheat closed 3/4 to 1 1/4 cent above the previous close, September \$1.55 1/2, oats were 1/4 lower to 1 1/4 higher, September 66 1/2-3/4, rye was 1/2 to 1 1/4 cent up, September \$1.05 1/4-1/2, and barley was unchanged to 3/4 off, September \$1.12 1/2.

### Effie (Klinker) in Press Assoc.

Effie Klinker made her preview appearance as she was introduced to the press cameramen of the cinema city by her proud mentor, Edgar Bergen (right). Occasion was the dinner of the Los Angeles Press Photographers' association at the Brown Derby. Effie, a new addition to the family of Charlie McCarthy and Mortimer Snerd, will make her air debut over NBC when Bergen's show resumes September 3. Photo shows Irvin Forbes, president of the LAPPA, as he made her an official member of the association, International.

### Peace Stocks Attract Bids

NEW YORK, Aug. 31—(AP)—Selected stocks in the peace classification again attracted modest bids today while many market leaders slipped a notch or did nothing.

The good war news and chances of a nearby collapse of the Nazis made reconversion arguments the principal topic of board rooms but it was suggested this influence possibly was less depressing to trends because of the thought that many corporations were farther along in their transition plans than generally expected.

The Associated Press 60-stock average was off .1 of a point at 54.9. Of 818 issues appearing, 299 were down, 280 up and 239 unchanged. Transfers dwindled to 604,740 shares from 894,655 yesterday.

### Onion Topping Started Tuesday

UNIONVALE — Onion topping for seed was started Tuesday morning in U. S. Alderman's two fields at the Mrs. Ida Miller and C. R. Smith farms.

Twelve Mexican laborers are doing the work. The onions are of the Yellow Danvers variety. This is the first year onions for seed has been raised by Alderman.

### Grangers News

MACLEAY—Friday night is the annual grange meeting night. The lecturer's program will include musical number by the Bouche orchestra.

### Mother Assists Her Daughter

FAIRVIEW—Mrs. Vernon Stephens and infant son, Louis, came home from the McMinnville hospital Friday. Her mother, Mrs. Will Duren of Hopewell is caring for them and assisting with the housework.

Mr. and Mrs. Howard Stephens accompanied by Mr. and Mrs. L. Lembrick attended the McMinnville Shrove Sunday.

Competition brick pattern siding was put on the Marion Duval residence. He did the work himself.

### Fish Asks Release of Married Men Over 35

WASHINGTON, Aug. 31—(AP)—Rep. Fish (R-NY) suggested yesterday that married men 35 and older be released from the armed forces when the war with Germany ends.

He told the house he would propose this as an amendment to the post-war mobilization and reconversion bill.

### Grain Harvest, Fruit Yields Good in State

PORTLAND, Aug. 31—(AP)—The US weather bureau in its weekly survey of Oregon crop conditions today reported favorable grain harvests and orchard yields.

Except for light rain in the northwest part of the state, little precipitation was noted last week. Temperatures climbed to over 90 degrees late in the week after starting fairly cool.

Outlook for crops: Grain: Good conditions for spring grain harvesting irrigated corn progressing, but unirrigated fields dry.

Hay: Most fields harvested, except late alfalfa; some livestock pastured on stubble fields and meadows; unirrigated pastures need moisture.

Orchards: Favorable yields on peaches, Bartlett pears; prune shipments due from Umatilla county; prunes coloring in western section; nuts excellent.

Vegetables: Early potato digging started; later potatoes maturing with damage from flea beetles and light frost reported in some areas; sugar beets in good condition; beet seed harvest advanced; harvest of onion seed started; hop picking progressing; marketing of some melons; bean packing and canning under way.

### Klamath Firm In New Hands

KLAMATH FALLS, Aug. 31—(AP)—Loren Palmerton and William Spangler, Klamath Falls, and Don Weidner, Chicago, have purchased the Klamath Moulding company, a lumber remanufacturing concern.

The corporation now manufactures moulding from Klamath pine, but the new owners said they plan to expand. They will rename the firm "the Klamath Lake Moulding company."

Organized in 1923, the corporation was founded by Claude Caldwell, A. J. Lundell and Bert C. Schultz. Mrs. Lundell and Mrs. Schultz, now widows, and W. R. Sayre of San Francisco sold the company.

### Second Grass Fire Hits Rickey Area

RICKEY—The second grass fire of the season was put out with little damage by volunteers. Started presumably by a cigarette at what is known as Gesner's it ran along the fence north on the line of the Claude C. Ashby farm for several rods before it was put out.

Suicide is unknown among the Zuni Indians of New Mexico.
