

Local News Briefs

Geology Lecture Tonight—The Geology of Central Oregon will be the topic at tonight's regular monthly lecture sponsored by the Salem Geological Society at 8 o'clock at Collins hall on the Willamette university campus. Rev. S. C. Alford, selected a few years ago to present popular natural science instruction in CCC camps of the west from Mexico to Canada, will be the speaker, illustrating his talk with numerous lecture slides. For some years he resided near Bend and roamed over large areas of that Central Oregon country, absorbing through his keen observation the geological story of the region. There is no charge for the lecture, which is open not only to members of the sponsoring society but to the general public.

Have your tires repaired before winter. Cuis vulcanized. The Harrison Station, 290 N. High St.

Returns from Trip—Mrs. Willow Evans has returned from an extended trip east to Chicago, New York and Washington. She returned by California, visiting officer of the OGD in many cities. She is in charge of finger printing in the local OGD office, which will again be open Thursday nights. While away she attended the national convention of the auxiliary of Spanish War Veterans.

"Cyn" Cronise Photographs and Frames. 1st Nat'l Bank Bldg.

Emergency Board Pays—Although the state board of control may hire architects to draw plans for the proposed new million dollar state office building to be constructed at the state center here, payment of the architects must await authorization by the state emergency board, Attorney General George Neuner ruled Wednesday.

For home loans—see Salem Federal, 130 South Liberty.

Ring Taken—Mrs. V. A. Rodakowski, 1810 Lee street, Wednesday lost a treasured ring, probably to a stranger, she reported to city police. Her two-year-old son declares, she said, that he picked up the ring, an opal set in garnets, took it with him outdoors and that in front of the residence a man took it from him.

The Ink Spot has moved—new Ph. 6976, new address Ladd & Bush Bank Bldg., Rm. 18.

Church Night Held—The first of a weekly series of "church nights" was held at Salem's First Christian church last night. Following the song, worship and study periods around the dinner tables, several groups held business meetings.

Wedding pictures taken at the church. 520 State. Ph. 5722.

Chin-Up Club Meets—Members of the Chin-Up club in this area will hold a picnic meeting Sunday from 2 p.m. to 10 p.m. at the Catholic hall, Columbia street and Myrtle avenue.

Grade Pupils Reshuffled by School Board

An extra session of the Salem school board Wednesday morning approved a plan for redistribution of pupils, as outlined by Frank Bennett, superintendent of schools. The plan should relieve the load on certain grade teachers. One extra grade teacher will be hired for Bush school to relieve its large first and second grades.

According to the plan, which is expected to be voluntary on the part of the parents, no other changes will be made at Bush.

Approximately 11 first graders and also third graders will be taken from Engewood to Garfield, which has a low registration. In addition, three or four from each grade except the third, will be moved from the west part of the Grant district to Garfield, by bus transportation. This will be accomplished by picking up the pupils at a centrally located place, and by returning them to the same place after school.

Part of the Capitola pupils who registered at Highland school will be transferred to Washington school and several second, fifth and sixth graders from Richmond to Washington.

This will put the average teacher load at under 35, although, in a few cases, some teachers will have more.

The total of 683 ninth graders

Public Records

PROBATE COURT

Charles Gier estate; George Gier named administrator of \$1500 estate and appraisers D. B. Hill, George H. Bell and Zeeba Glover named appraisers.

Judge Rossman Honored by ABA

Two important appointments fell to Justice George Rossman of the state supreme court here while in attendance at the recent meeting of the American Bar association in Chicago. Rossman was elected vice president of the American Judicature society and named to the committee on administrative law. As a member of the latter committee Justice Rossman will have jurisdiction over the states of Oregon, Washington and Idaho.

Salem Boys Quality for Radio School

Three Salem navy bluejackets who recently qualified for training under the navy's radio technician program have completed "boot" training at the Great Lakes naval training center, Chicago, and now are assigned to the big radio materiel school there for the first stage of studies in the field of modern radio science and electronics.

They are Kay Huntington, son of Mr. and Mrs. Hollis Huntington; George Swift, Jr., son of the Rev. and Mrs. George Swift, Sr., of the Salem Episcopal church, and Richard Page, son of Circuit Judge Page and Mrs. E. M. Page, all of Salem.

The three young men will go to various navy radio schools for 8 to 10 months before being assigned to active duty with the naval forces in radar activities.

Now seaman first class, which is the equivalent to a corporal's rating in the army, upon completion of their training the young Bluejackets expect to receive petty officer's ratings as radio technicians.

The navy, according to A. C. Friesen, specialist first class, USNR, in charge of the Salem navy recruiting sub-station, still is stressing a call for 17 year olds who can qualify for this type of training.

Young men who have a fair grounding in mathematics and physics should have little difficulty in passing the navy's radio aptitude test which entitles them to enter naval service with the advanced rating of seaman first class instead of the usual recruit rating of apprentice seaman.

It's a Kuppenheimer

AN INVESTMENT IN GOOD APPEARANCE... AS NATIONALLY ADVERTISED THIS MONTH

Some men have the personality to go to the top in a barrel. But most of us would welcome the lift given the man spotlighted here when he made a Kuppenheimer appearance.

It's a combination of qualities that does it. Qualities you can see and feel—designing, tailoring, style, fabrics. (And they're all finer than ever today.)

Topped off by a human quality—Kuppenheimer's pride in maintaining a reputation for smart craftsmanship older than many a grand-dad.

KUPPENHEIMER SUITS... \$50.00 to \$60.00
KUPPENHEIMER TOPCOATS... \$42.50 to \$60.00

This is a spark plug

Your car yells "gimme a light" about 5400 times a minute. And the spark plugs must deliver a "light" right on the split instant.

Here's what happens.

When the plugs flick a spark into compressed mixture of gasoline and air in the cylinders... ZOWIE! There's a white hot explosion. The only things movable in the cylinders are the pistons. So down they go, turning the crankshaft, which turns the gears, which turn the wheels, which roll you to wherever you are going.

Those 5400 explosions per minute give spark plugs a Turkish Bath that boils the sparking ambition clear out of 'em after about 10,000 miles.

That's bad, because weakened plugs waste the gasoline they're supposed to explode. It's like pouring precious gasoline into the gutter!

Here's where your friends at Shell come to the rescue. They'll clean your spark plugs, or sell you new ones if the old ones have cracked (as they sometimes do). And they'll also Shellubricate your entire car for you.

You need SHELLUBRICATION because it protects your car against Wartime Stop and Go wear—the villain that sends 10,000 cars to junk yards every week!

FOR THE LADIES... Shell has a FREE and amusing little booklet, *Alice in Motorland*. It's the Facts of Life about your car. Tells you how to keep it from going haywire before its time. Get your copy at any Shell pump.
