#### **New Teacher** Will Be Hired On Half-Time

Senior high school overloads in the fields of bookkeeping, typing and home economics will be taken care of by the employment of a half-time teacher, authorized by the school board at its regular meeting last night. This was the recommendation of Supt. Frank Bennett. Should a half-time teacher not be found, a full time staff member will be employed and staff work rearranged to lighten the loads where possible.

The teacher to be employed will not necessarily be an instructor in the fields which are crowded but other classes will be rearranged to make the adjustment, Bennett said.

Debate Coach Named

Mary B. Smith of the high school staff will take over debate work and her salary schedule was adjusted in accordance with this new duty. George Niemi, member of the Parrish school staff, will take over some intermural work and his salary schedule was ordered adjusted.

Enrollment in Salem elementary and junior high school is believed to be at an all time high, Bennett said. He reported 3884 in the elementary and junior high schools as compared with 3828 for a similar day in 1943.

The high school enrollment is slightly lower this year as compared with last year as had been expected, although the drop is not as much as was expected. Transfers Arranged

Transfer of elementary pupils from one building to another is being arranged on a voluntary basis, Bennett said.

Vacation by the city of a street between Nebraska and Lambertson is sought by the school board to clear the way for purchase by the school board of property from the Southern Pacific company. The matter was brought up by Ralph Campbell of the building and grounds committee, who suggested that board members enlighten council members on the need for such vacation. The property is desired in connection with the building program.

An unvacated street is involved in the present site of Parrish school, Campbell reported, and suggested that it be cleared up at the same time so that "Parrish school may remain undisturbed in its present location," as someone

Employment of Mrs. Velma Glisar as a primary teacher at Bush was approved by the board.

## Safety Group **Ends Meeting**

An address by Gov. Earl Snell and a panel discussion of safety problems as related to various Oregon industries were the highlights of the Tuesday afternoon closing session of the two-day state safety conference which convened at the Marion hotel Monday morning.

Snell spoke of the value of a continuous program of accident prevention work and emphasized the necessity of providing jobs for the returning war veterans.

John Zak, Columbia City, Fred King and George Hutton, Portland, M. C. McMichael, St. Helens, Ted Kepner, Cathlamet, Wash., T. Morris Dunne and Ralph Peoples, Salem, assisted in the panel discussion which was conducted by Robert M. Evenden, director of the accident prevention division of the state industrial accident commission which sponsored the confer-

. All parts of the state were represented by industrial men attending the parley.

## Solon Seeks Oregon's Aid

PORTLAND, Ore., Sept. 26.-(A) -To make sure that Washington and Oregon are not overlooked in postwar developments, congressmen from the two states should "mobilize in a united effort," Rep. Warren G. Magnuson (D-Wash.) declared here today.

Passage of the federal aid high-way act should be urged by the delegations as soon as congress meets again on November 14, the congressman said informally. The act would help get a four-lane highway to Castle Rock, Wash., and would further construction of a link with the Alaska highway,

Magnuson explained. Congressman from the two states should work for retention of shipbuilding and light metals plants for the northwest, he added, stopping here briefly while on campaign work in Clark county.
