Jefferson PTA Has Meeting

School Improvements And Increased Size Are Reported

JEFFERSON—Only a few parents attended the first meeting of the local PTA in the school building. In the absence of the president, the vice-president, Mrs. Frank Chrisman presided.

The group voted \$5 to each of the two leaders of Girls Scouts troops, Mrs. M. H. Beal and Miss Helen Hinz, to be used to purchase supplies for their work.

Miss Josephine Getchell, chairman of the program committee, named Mrs. Irvine Wright and Mrs. Leo Weddie, as members of her committee and outlined the programs for the next six months.

M. H. Beal announced that the Woman's club would hold a reception for the teachers at their next meeting. He also spoke on the constitutional amendment 314X which will be on the ballot.

The second week in November is designated as education week. Mr. Beal also told of improvements in the school over last year. He reported 117 students enrolled in the high school in comparison with 90 last year. Seventeen high school students have been added from outside districts in Linn county.

United States history maps have been purchased, as well as 36 seats. The school will soon have two buses. N. D. Bradley, bus driver will make a trip east to bring the new bus out. This year the school has an 11 man football instead of six as last year. Some improvements have been made in the athletic field.

A short musical program followed including two vocal numbers by Mrs. Irvine Wright, accompanied by Miss Getchell.

A reception for the teachers was held in the Home Economics room, where refreshments were served. Mrs. Frank Chrisman and Mrs. Marvin Hutchings poured. The serving table was centered with bouquet of yellow flowers guarded by yellow tapers.

You'll cruise in half-million dollar Mainliners

PICTURE giant four-engine United Mainliners winging majestically over the famous Main Line Airway at speeds up to five miles per minute!

A postwar dream? Not at all! History was made recently when United Air Lines signed contracts with the Douglas Aircraft Company for fifty of these half-million dollar Mainliners—a \$25,000,000 fleet of the finest planes in the world.

Just imagine! California to New York in only 8¼ hours... or flying from Denver to Chicago in a scant 3 hours... eighty minutes between San Francisco and Los Angeles... the entire length of the Pacific Coast between lunch and dinner!

The DC-4 United Mainliner will carry 44 passengers in new spacious comfort at 240 miles per hour—a "four-mile-a-minute" transport! While the DC-6, the even

larger 56-passenger sky giant, will cruise at 300 miles per hour—a "five-mile-a-minute" transport!

Both the DC-4 and DC-6 Mainliners will be equipped for daytime as well as overnight sleeper plane service.

The first of United's great four-engine Mainliners are scheduled to go into service along the Main Line Airway next year. Supplementing these giant transports will be United's popular 21-passenger, twin-engine Mainliners.

There will be many new inter-city and coast-to-coast schedules providing finer, faster service for air travelers, mail, air express and air freight.

Supplying the public with the highest type of service has always been the policy of United Air Lines. This \$25,000,000 contract for "half-million dollar" planes

demonstrates that United will offer greater speed, more flights, finer planes and the last word in service aloft on the Main Line Airway—coast to coast, the route that goes where business is.
