Axemen Wallop Viks Bear-UCLA Battle 25 to 0 in Classic

Sharp Eugene 11 Nabs Easy Nod In 36th Meeting, Nears Titles

Exhibiting one of the snappiest 6-point machines to come out of Eugene in recent years, the Eugene Axemen out-everythinged Salem high's luckless Vikings on Sweetland Field last night in the 36th classic between the two topmost rivals in the state, 25-0. And that 25 points, incidentally, compiled mostly by the pitching prowess of a grinning Captain Bill Hutchinson, happens to be the most points by which a Eugene team has ever beaten one from the Villa. It was 20-0 for Eugene in 1905, the year the classics were born, and that held the ceiling down the line.

By virtue of that highly expected victory, the Axemen have only Albany to brush by next week for the No-Name tiara and then any one of possibly four outfits to bump off before the district crown is theirs. An Albany loss to Corvallis today puts

Eugene in the throne, too.

About the only contradiction to that "no star" ad was 168-pound Hutchinson and his right arm. He unfurled a 10-yarder to End Dale Warburg on the Salem right flank after the Viks had been sucked out of position for the first touchdown midway in the first quarter, then fired a 23-yarder to Quarterback Bill Harber late in the second period to set up a 3-yard plunge for touchdown by "Handy Andy" Bodner. He let fly with another strike, this one a 14-yarder on a gaudy spread-formation play, to Warburg in the waning moments of the second period, and capped his evening's work near the end of the game by flipping a 6-yarder to tiny Marion Denzer for the final touchdown. Bruins Tophand Favorites in Mix; Flyers Favored Over Washington

SAN FRANCISCO, Nov. 10-(AP)-Among the various football encounters in the far west tomorrow will be the second of the home and home series between the University of California Bears and the University of California at Los Angeles Bruins. On the theory that lightning won't strike the same spot twice, at least in this case, the fans expect the Bruins to reverse the result this time.
