

3rd ARMY GAINS IN SAAR

New Wedge Driven In Siegfried Line By Patton's Army

Allied Forces Eliminating Nazis At 9000 Daily Rate, 5 Divisions Per Week; Own Losses Heavy

By AUSTIN BEALMEAR SUPREME HEADQUARTERS ALLIED EXPEDITIONARY FORCE, Paris, Dec. 5-(AP)—Breaking across the Saar river at a new point south of Saarlautern, Lt. Gen. George S. Patton's American Third army hammered a second wedge into the Siegfried line today as the battle for Germany, six months after the allied invasion, raged unabated.

It was estimated tonight that seven allied armies—five of them fighting on German soil and two others drawn up along the Reich's Rhine river eliminating Germans at the rate of 9000 daily, a loss of about five Nazi divisions every week. Heavy fighting, costly to the allies as well as to the Germans, slowed the advance on much of the western front, but the Third army, now holding a stretch of Germany 40 miles long, made gains of up to three miles during the day, grinding within six miles of the bomb-battered industrial city of Saarbrücken and within three miles of Sarreguemines. Location Not Known The exact location of the new bridgehead across the Saar was not disclosed, but Associated Press Correspondent Lewis Hawkins said the 95th division, which made the crossing, had driven a mile beyond the river and penetrated into the outer defenses of the Siegfried line.

This futile attempt of the enemy to break out northward from the restricted Ormoc area was announced today by Gen. Douglas MacArthur along with the destruction of a Japanese destroyer and five small freighters by Leyte-based warplanes.

The destroyer was sunk by patrol planes in the Luzon area. A small freighter was sunk by fighter-bombers in the Sibuyan sea. The fifth freighter was destroyed by Brunei bay, Borneo, where patrol planes also sank a 3000-ton tanker.

A sixth freighter was sunk by US naval units in Ormoc bay.

Nazi Fire Fighters Can't Win When Yanks Are Around

LONDON, Dec. 5-(AP)—Four Mustangs led by Capt. Gerald E. Montgomery, Fort Worth, Tex., today spotted a crew of fire-fighters trying to extinguish a fire on the roof of a German factory.

They circled and watched the firemen put out the fire, Montgomery said. "Then we went down and started it again by firing incendiary bullets. When the truck crew began fighting those flames, we blew up the truck and everything burned, the truck included."

Soviet Forces Only 50 Miles From Austria

LONDON, Wednesday, Dec. 6(AP) Red army troops lunged through sagging German resistance in western Hungary yesterday to within 50 miles of the Austrian frontier with the capture of Marcell, eight miles below the southwest tip of Lake Balaton.

Other soviet forces seized the Hungarian rail junction of Szeged, 22 miles south of Kaposvar, while Russian troops aided by Marshal Tito's partisans captured Ilok on the Danube river in Yugoslavia, 95 miles southeast of Szeged.

These last two operations imperiled lines of communication for 100,000 German troops seeking to retreat from western Yugoslavia into Austria.

U.S. Gives Hands Off Warning

Allow European People to Select Own Way, Policy

By John M. Hightower WASHINGTON, Dec. 5-(AP) The United States today pointedly told Britain—and indirectly Russia—that European peoples should be allowed to work out their own governments without interference.

The notice, given in a statement issued by the state department, was interpreted to mean that this government is sticking one foot tentatively in the door of European politics.

The declaration applied specifically to Italy. It was given the widest possible application, however, by the concluding sentence which said that while we oppose "outside" interference in Italy "this policy would apply to an even more pronounced degree with regard to governments of the United Nations in their liberated territories."

It was the first declaration of foreign policy issued since Secretary Stettinius took charge. Stettinius told a news conference that he had worked hard on the statement.

Allied Planes Sink Nazi Hospital Ship In Adriatic Sea

ROME, Dec. 5-(AP)—The sinking of the unilluminated German hospital ship Tuebingen by planes of the allied coastal patrol shortly before sunrise Nov. 18 was announced today by allied headquarters.

Regrets over the incident have been conveyed to the Germans, the communiqué said. Headquarters said, "a full inquiry into this unfortunate incident is in progress," adding that it was understood casualties among the crew were very light.

The ship at the time of the sinking was in the Adriatic sea en route to Trieste and was not carrying any wounded.

Regrets over the incident have been conveyed to the Germans, the communiqué said. Headquarters said, "a full inquiry into this unfortunate incident is in progress," adding that it was understood casualties among the crew were very light.

Fighting Fierce In Athens

British Disperse Forces Attacking Police Barracks

By Stephen Barber ATHENS, Dec. 5-(AP)—Fierce fighting continued in Athens today as the elias, fighting force of the left-wing cam, national liberation front party, laid siege to various police barracks and were dispersed by British tanks and Greek mountain brigade troops.

Meanwhile, Themistokles Sophoulis, 85-year-old dean of the Greek liberal party, charged that Prime Churchill, through instructions to British diplomats here, had vetoed replacing Premier George Papandreu in a change of government which might have solved the nation's crisis.

Called "Impossible" He said Churchill had sent word that replacing Papandreu was "impossible."

Among elias prisoners taken in today's fighting were some Germans, but it was not proved whether they were political agents or merely deserters from the Nazis.

Elias units reportedly are assembling in various outlying parts of the country and preparing to march on the capital.

Outcome In Doubt It still seems to be a question whether an attempted elias coup d'etat will succeed. The British may enforce the Papandreu government's control of Athens, but the provinces present a formidable problem.

Right-wing groups, including monarchists, which had been lying low until the present crisis, have come out in the open, embarrassingly supporting the government and the British.

Marion E Bond Purchases Spurt Past Halfway Mark As Sales Reach \$762,587

Purchases of E war bonds spurted past the halfway mark Tuesday as the Marion county campaign swung into high gear for the drive that was expected to boost totals by Pearl Harbor day close to the three million dollar mark. Against the E bond quota of \$1,500,000, Chairman Douglas Yeater reported sales of \$762,587.

Despite several confirmations of big industrial allocations, totals reported to bond headquarters failed to go far past the two million dollar mark Monday.

Unless the drive speeds up considerably in the next couple of days, the Pearl Harbor goal may not be realized, officials declare.

Plans for the big financial show at the armory and at Sweetland field were rapidly approaching consummation. Bob Jackson, a Woodburn man in the show, the armory exhibition will be open to the public all day Thursday, featuring bazookas and much other modern army equipment. The main indoor show, however, starts at 8:30 following the outdoor spectacle at 7:15 p. m. (instead of 7:15 a. m. as inadvertently stated yesterday).

Following the band concert at 8:30 will come an exhibition by the US infantry team of about 40 men, who will demonstrate with actual equipment their preparations for battle. In the outdoor show at Sweetland field will be actual demonstrations with flame throwers and other terrifying weapons in action against an imaginary Japanese pillbox. Admission to both shows will be entirely free to everyone. (Additional details on page 2).

Four Japanese snipers who attempted to flee through the Leyte island jungle lie dead in a shell hole where they were killed by pursuing Yanks who trapped them in the crater. A group of Yank riflemen look them over during a lull in the Philippines fighting. (AP wire-photo from Coast Guard).

Stanley Brown Of West Salem Dies in Action

PFC. Stanley W. Brown, son of Mr. and Mrs. Clarence R. Brown, 1043 Ruge street, West Salem, was killed in action November 17 in France, the war department announced.

The young infantryman entered the service four years ago last August. He was in Alaska 2½ years with the 75th coast artillery.

In a recent letter to his folks, he told of being made a squad commander and commented that the "going" was "tough."

Survivors include his parents, one brother, Cpl. Keith A. Brown, Buckley Field, Colo.; a sister-in-law, Mrs. K. A. Brown, and one niece.

Japan Loses 4000 Planes In 3 Months

By the Associated Press Japan has expended nearly 4,000 warplanes in the last three months in defending the Philippines and its water approaches, a tabulation today of official reports showed.

Of these, 1,153 were destroyed by American aircraft in November—571 in aerial combat and 582 on the ground. In addition, 44 were probably destroyed.

The costliest month for the enemy was October, when 1,199 planes were lost in the air over the archipelago and 523 on the ground. September losses were 387 in the air and 827 a ground.

A brilliant encircling movement yesterday enabled the Canadians to capture the one-time capital of the ancient osteogths without a fight and thus preserve its ancient treasures undamaged.

The bulk of Field Marshal Albert Kesselring's forces which held the Ravenna area were being held already well behind the Lamone, which is expected to be the Germans' next important defense line. Such a line would have its left flank on the shores of a big lagoon called Valli di Comacchio into which the Lamone flows.

The Japanese previously had reached points less than 60 miles from Kwei-yang but crack Chinese regiments from northwest China were reported moving to that front while other Chinese were making small gains in diversionary attacks in Hunan province.

House Passes Bill to Freeze Old Age Taxes

WASHINGTON, Dec. 5-(AP)—Defying administration wishes, the house today passed legislation to block an increase in old age insurance taxes.

It sent to the senate by a vote of 263 to 72 a bill pegging the tax at one per cent on employees and one per cent on employers.

Under present law, the levy is due to go up to 2 per cent each on Jan. 1. Early senate approval of the "freeze" is predicted by house backers of the measure, but President Roosevelt is expected to veto it.

Today's lineup indicated sufficient votes in the house to override a veto. A two-thirds majority is necessary to override.

Canucks Take Ravenna With Brilliant Move

ROME, Dec. 5-(AP)—Hard-striking Canadian forces have smashed through the center of German Adriatic defenses and captured Ravenna, the allied high command announced today, forcing the Nazis to flee to the west bank of the Lamone river, six miles west.

A brilliant encircling movement yesterday enabled the Canadians to capture the one-time capital of the ancient osteogths without a fight and thus preserve its ancient treasures undamaged.

The bulk of Field Marshal Albert Kesselring's forces which held the Ravenna area were being held already well behind the Lamone, which is expected to be the Germans' next important defense line. Such a line would have its left flank on the shores of a big lagoon called Valli di Comacchio into which the Lamone flows.

IT SEEMS TO ME

By Charles F. Sprague

The action of the Hood River post of the American legion in ordering erased from its honor roll of men in the service from Hood River county all names of persons of Japanese origin is a perversion of patriotism which will only result in bringing the post itself into disrepute.

The explanation of the commander that the erasure is not intended as a reflection on the men themselves but as a warning that return of Japanese to the county is not desired offers little excuse. The reflection, in truth is not on the Japanese-Americans who have reported for military duty like the legionnaires themselves, who are not without knowledge of our constitution and its principle of no discrimination on account of race, creed or color. The record of the rise in combat proves the quality of their loyalty to America.

As far as contributing to prevention of "violence and bloodshed" said to be feared if the Japs return, this action is just what is needed to provoke town hoodlums to resort to violence. For political or economic reasons a group in Hood River have been periodically fanning the flames of race prejudice, although the large body of sober citizens there are entirely law-abiding and not disposed to trespass on the constitutional rights of other citizens.

There is a rich stake in the property-holdings of Japanese in the Hood River valley. Some may want to get hold of those properties. Others may be envious of the Japs; others may not want them as neighbors.
