

Six Measures Now Laws; November 7 Vote Certified; Fortified Wines Restricted

Six measures passed November 7, including the referendum barring the sale of fortified wine in other than state liquor stores, were in effect in Oregon today by virtue of the required gubernatorial signature and proclamation late Thursday.

Under the Burke wine bill, retail stores now cannot sell fortified wines. They may dispose of it either to the state liquor commission or to points outside the state.

Other measures certified as having passed provided for: The repeal of the double liability provisions for stockholders in state banks.

The right of the legislature to permit county managerial forms of county government.

Jury to Hear Kilmer's Case

Aloysius Edwin Kilmer, charged with being a habitual criminal in an information filed by District Attorney Miller B. Hayden, Thursday lost his chance to escape trial on that charge when Judge George R. Duncan overruled a motion by Herbert Carter, defense attorney, to quash the information. A demurrer to the information also was overruled.

Kilmer when asked if he wished to plead, stood mute. Judge Duncan then entered into the record Kilmer's denial of identity as to the crimes charged in the information. Defense counsel contended that the district attorney was aware of the defendant's previous convictions when he prosecuted him for attempted holdup of the

Neimeyer Drug store and failure at that time to press the habitual criminal charge destroyed the state's opportunity to charge him with that offense.

Judge Duncan ruled, however, that "in the present case a life sentence is mandatory if defendant is identified according to the prescribed procedure under the habitual criminal act."

Kilmer will be tried before a jury January 18.
