PORTLAND, Dec. 16—(P)—Petitions seeking removal of the civilian flying ban because "actual combat is now 6000 miles from the west coast" were drawn up today by private fliers here.

A campaign to relax rules against private flying will be launched, the group said.

PORTLAND, Dec. 16—(P)—Little civilian production has been started here, since Portland is one of 11 areas in the country having a critical labor shortage, the deputy regional war production board director said today.

Therefore, the nation-wide freeze on civilian production will affect this area scarcely at all, Paul Hirth reported.

Wheat Weak; Other Grains Make Gains

CHICAGO, Dec. 16—(P)—May and December wheat were weak and under the pressure of liquidation today but most of the rest of the grain list registered fractional gains. Corn was firm at the finish with the spot contract up nearly a cent.

Long liquidation of December wheat, which opened lower, was spurred by reports that 200,000 bushels of the grain had been tendered at Minneapolis. Many of the sales were made against purchases of the new crop months, July and September, which were steady to firm most of the day.

Some purchases of deferred wheat futures were attributed to short covering prompted by a report on the trading floor that Secretary of Agriculture Wickard had denied he would advocate a two-price plan under which parity would be guaranteed only for that part of the wheat crop used domestically for food. A rumor that such a plan was being considered caused heavy liquidation Thursday.

At the close wheat was 1/4 higher to 1 cent lower than yesterday's finish, December \$1.68 3/4. Corn was unchanged to 1/4 higher, December \$1.14. Oats were up 1/4 to 1/2, December 69 3/4. Rye was 1/4 lower to 1/4 higher, December \$1.11 1/4. Barley was 1/4 higher to 1/4 lower, December \$1.13 1/4.

Stock Market Closes Fast, Strong Week

NEW YORK, Dec. 16—(P)—The stock market today concluded one of its fastest and strongest weeks since last June with a recently climbing rails and assorted industrial meeting sufficient selling resistance to stall the rise.

The fact that the averages, with only minor interruptions had been hitting new 7-year peaks since the start of the month on heavy volume tended to sober Wall street enthusiasts.

Dealers were speedy from the start and turnover of 1,021,340 shares compares with 1,044,809 a week ago and was the second largest Saturday aggregate since June 17. It was the twelfth consecutive session in which turnover exceeded the million-share level. Total for the week of 8,328,310 was a record figure since the period ending July 1.

Owing to declining rails, the Associated Press 60-stock composite was off 1.1 of a point at 581.1 but on the week showed a net gain of .8 of a point. The market again was broad, 852 issues registering. Of these, 327 were up against 525 down or unchanged.

New Prices on Food Are Due

A new war price and rationing board order, 12F under revised general order 51, will be enforced in Salem, West Salem and all territory located within a radius of five miles in the sale of certain fresh fruits and fresh vegetables. The order establishes new ceiling prices which become effective December 21. The prices will be changed every Thursday morning and retailers will be furnished copies in time to permit posting on each new date.

Violations of these prices, the directive recites, will be subject to criminal penalties, civil enforcement action, license suspension proceedings and suits for treble damages as provided in the emergency price control act of 1942, as amended.

Communicable Diseases Show Decline in State

PORTLAND, Dec. 16—(P)—Undulant fever cases for the year here remained at 241 today as the city health bureau reported 133 cases of communicable diseases and 13 deaths for the week compared with 120 cases and six deaths the previous week.
