Silverton Will Study Lights

Planning Commission To Hold Hearing In January

SILVERTON — Silverton's lighting system will be studied at the January meetings of the Silverton Planning Commission. The public will be invited to sit in at the meeting and a representative of the Portland General Electric company will be invited to speak.

The meeting probably will be held at the chamber of commerce rooms with special invitations issued to the chamber of commerce, the Rotary and the Lions clubs and a general invitation to the public. James Clough, local company manager, will make arrangements for the speaker.

At the Friday night meeting of the commission, called by Mrs. R. A. McClanathan, acting president, Mayor Reber Allen and City Manager Harry C. McCrea reported on Newberg's lighting system which they recently inspected.

Rhoin Colley reported the high school manual training department, of which William Gates is instructor, had promised to make benches and tables for the city park if the city would furnish the lumber.

Members of the commission reported considerable vandalism of street signs. Special efforts will be made to catch the culprits and punishment meted out, city officials say.

The Friday night meeting was the regular December meeting, advanced because it would fall on Christmas.

Christmas Vespers To Be Held Sunday By Dallas Choirs
