### Youth Tries **Extortion Plot**

Signing himself as "The Little Big Criminal," a youth induced Mr. and Mrs. Richard Notdurft, 220 East Myers street, to deposit \$5 in an envelope and to place the note and money at a given rendezvous, but they first notified the police. A 15-year-old boy, picked up the bait and police picked him

The note to the Notdurfts informed them that their camers, which had been stolen from their car, was in the possession of the writer and would be left by the bicycle rack at the Safeway store gave the vestry power to take an on North Commercial street, pro-Sterrett said. option on the old Governor Chad- vided \$5 was first deposited there wick property at Center and by the victims.

The money was placed in ar is taken and exercised the parish envelope and the police were let in would erect a new church edifice on the deal. When a youth rode on the lot some time in the future, up on a bicycle to get the loft the Some months ago the parish voted police and Notdurft captured him. Police said the youth confessed.

## Portland, Salem Chambers Of Commerce Should Back Valley Irrigation, Proposal

Among projects which Salem and Portland chambers of Hillpot, who died Saturday after may join in in sponsoring the mutual benefit of both cities and the a lingering illness will be held areas which surround them, that of bringing irrigation to many acres from the Clough Barrick chapel of agricultural land stands out, Frank McCaslin, president of the Port-Tuesday at 2 p.m. with the Rev. land chamber, declared as he spoke at Monday noon's luncheon meet-

"I think the time will come when the people here will be everlastingly grateful to the ously ill from a heart ailment for chamber for its promotion of irthe past three months. She was rigation," McCaslin asserted. born in Fairview, Ill., Oct. 13, Residents of this area, thinking of 1875 and in 1895 was married to it as abundantly supplied with John Hillpot, who survives. The rain, have been inclined to overfamily has resided in Oregon for look the drouth season at the close the past 28 years and in Salem of summer, the speaker main- if they are to operate successfully tained. He quoted dairymen to the effect that often two or three cows could be pastured to the irrigated acre of land where three acres of unirrigated land had dron P. Hillpot of Salem; two sis- been required to pasture one cow. Aid Development

> The purpose of chambers of aid in the development to support rounds the city, Carter Brandon, residents of city and countryside new head of the Portland cham-

Winning the war still tops the list of the Portland organization's projects, the new president said. with creation of job opportunities in factory payrolis, development of agriculture, and increase in tourist business.

Chester Sterrett, employed by the Portland Chamber of Commerce to make an industrial survey, explained that one of the purposes of that survey was to find ways to support many of the new industrial workers in Portland who have come west to do war work and would like to remain. Many of these may have to be in other parts of this area, he said. In 1929, Portland had 20,000 industrial employes, in 1945 that number had jumped to 160,000,

Tax Conscious Manufacturers are very tax conscious, he declared, as he congratulated Gov. Earl Snell on his request of the legislature that a tax study be made by an impartial expert. "I'm a newcomer appointing a committee to under- He was turned over to juvenile here and, frankly, know little yet about the tax situation, but I'd

say any move to better any tax plan is a move to the good," he declared.

Salem may hold the key to postwar aluminum development on the west coast, Sterrett said. One of the needs of industries established here for wartime use. in peacetime, will be an inexpensive source of alumina, which the Salem plant may produce, he asserted, adding that an expanding market would also be important.

Valley Important Portland recognizes that her success as a port has been and will commerce. McCaslin said, should continue to be relative to the probe not to enlarge cities but to ductivity of the area that surber's maritime division, declared. Brandon, a graduate of the University of Oregon, has for a number of years been engaged in foreign trade, much of his time having been spent in the orient.

So are ours!

COOKING ADAPTABILITY? That's where the "CP" Gas Range shines! From low-temperature roasting to high-speed broiling . . . from a slow simmer to a fast boil . . . greater cooking adaptability is built in!

BEST FOR BROILING? None better! You get high speed instantly. The clean, smokeless, spatterless flame seals in the natural juices, reduces oven cleaning to a bare minimum.

AUTOMATIC OVEN BEAT CONTROL? Yes, of course! at low heat or high, only a "CP" Gas Range can assure you the utmost in constant, fully automatic aperature control ... perfection in all your baking and roasting operations; it's fuel-saving, too, because oven peeking is eliminated.

SUPER INSULATION? Not just two sides, or four sides, but all six sides of a "CP" oven are heavily insulated to keep the heat in the oven where it belongs and out of the kitchen. No waste of heat or fuel here!

ECONOMY IN OPERATION? You can't be extravamant with a "CP" Gas Range. Top burners and oven are controllable to the most minute degree. No wasteful reserve of heat. You use exactly what you

means "Certified Performance" ... the mark of special quality appearing on ranges made by all Digb grade gas range manufacturers. Not in production now, but available to all after victory.
