

### Wilson Gives Labor's Side At Lion Lunch

"Labor should not always be considered as moving in a selfish way when it asks for wage increases, because many times its leaders have vision which exceeds that of employers in spotting a hazard to the business which gives the working man a living and the employer a profit," Rep. Manley J. Wilson, of Columbia and Clatsop counties, told members of the Salem Lions club at their noon day meeting Thursday in Marion hotel. Wilson was introduced by Judge George Rossman of the supreme court.

"Over a year ago," the speaker said, "lumber workers asked for a wage increase. It was denied when employers said there was no manpower shortage in the industry; that the industry could fill the nation's need for lumber. Workers drifted from the woods to the shipyards where wages were higher. Today the nation faces a critical lumber shortage and at a time when the bottom of the manpower barrel is being scraped."

"It is natural that workers should seek higher wages. There is always a squeeze between a man's earnings and his living expenses. When business closes down the worker is out of a job and too many times he has been unable to save enough to tide him over. That is why labor in this session of the legislature is trying to have unemployment compensation law changes which will give every man benefits whether he is the only man hired by an employer or whether he is hired by a man employing four or more men, the number needed now to entitle a worker to benefits."

### Meet Depends On ODT Ruling

Plans for a fourth Institute of Citizenship have been made and will be carried out depending on the decision of the office of defense transportation. Set for Friday, February 16, on the Willamette campus, the annual university sponsored assembly will meet for only one day if permission is granted by the board.

Theme of the institute will be "Representative Government in Action." This being the first year that the organization has met during a session of the legislature, it is hoped that arrangements can be made for admission of the group into one of its meetings. The meeting is for juniors in Oregon high schools and is sponsored for the purpose to further ideals of good citizenship.

### Former Teachers Meet Regularly in Portland

SILVERTON — Former teachers of Silverton schools formed a group meeting at luncheon in Portland Saturday and made plans to meet hereafter semi-annually. Present were Mrs. Donald Aase (Elizabeth Ruegnitz), Portland; Mrs. Marshall Powell (Janice Dunivan) of Camas, Wash.; Mrs. Lee Haskins (Ruth Scott) and Mirel Benson, Salem; Mrs. Paul Benson, Mrs. Charles Porchio, Marie Klev and Katherine Slawson.

Stella Dybevik, who was secretary to the superintendents at the time these women taught at Silverton, will be a special member.

Polk Pomona Meeting — The Polk County Pomona meeting will be held Saturday at Rickreall grange hall. Mrs. C. B. Sprague of Junction City, assistant state lecturer, will be a speaker.

### Pythian Sisters Plan for Program

SILVERTON—Saidie Barkhurst and Ida Cooley are new members of Home Temple Pythian Sisters. Initiation was held Tuesday night. Josephine Hartman, newly installed most excellent chief, presided.

A social committee composed of Mrs. Ralph Adams, Mrs. Clarence Morley and Mrs. Harry Benson was appointed to work in cooperation with the Knights of Pythias for the year.

The next regular meeting will be February 1. The committee for that night is Marian Hutchins, Marie Hope, Lena Hamilton and Arlyss Johnson. The grand chief, Mrs. S. Graham of Corvallis, will make her official visit February 15 when all phases of the work will be exemplified.

The Altruistic club will meet February 2 at an all day meeting with a no host dinner at noon, at the home of Goldie Downs on West Main street. Sewing for the local hospital and for the Red Cross is planned.

### Supper Club Will Feature Big-Time Acts

"People of Salem and the Willamette valley are assured of the same big-time acts that play some of the leading supper clubs of the nation" under a franchise he has signed for the new Leonard's Supper club which opens Monday night, Mike Steinbock declared Thursday.

Acts which will come here are on the Eastern circuit vaudeville playing at the Cave Supper club in Vancouver, BC, the Town Ranch club in Seattle, Clover club in Portland, Amato's Supper club, Astoria, and are the same calibre as those presented at the Chase hotel, St. Louis; the Terrace Gardens of Hotel Nicolet in Minneapolis, the 365 and Music Box night clubs in San Francisco, he said.

The opening program at the theatre-restaurant will bring Earl Morgan, widely-known sleight of hand artist; George Cortello and his Hollywood Canine Mimics presenting gaily costumed imitations of Hollywood personalities; and Bobby Gillette and Shirley Richards, Broadway musical comedy team.

### Parents Can Help Prevent Delinquency

Corrective measures must start in the home if the juvenile delinquency problem is to be handled effectively, Mrs. Nona M. White, county probation officer, said Thursday in connection with the announcement that 42 formal complaints had been filed this month to hit a new high for wayward youth.

"We must learn," Mrs. White said, "that children can be fed and will grow physically but they have to be taught mentally. Until they receive some such training in the home I believe juvenile delinquency will continue to increase and the rate of increase now is alarming."

"There seems to be a tendency among many parents now to buy cars for their sons so they can have a good time because he is soon going into the service" as one mother told me after her son had been apprehended for stealing gasoline. Every car owner knows that the acute shortage of

gasoline makes operation of a car exceedingly difficult. Youngsters, knowing little of restraint, use up their precious allotment too quickly and then, stranded, the take just a little from a handy car. Getting away with this they ask themselves the question 'why not some more?' and before they know it they are arrested. Then the parents cry.

"I believe the tendency of school children to shoplift results from

lack of restrictions which would force them to go immediately from school to their homes," she said, "and shoplifting is the worst in the history of the country right now. Merchants complain bitterly about petty thefts. Many of the articles are taken from boys and girls whom we apprehend and they are returned to grateful store keepers. I believe if loafing on the streets was eliminated this particular infraction would be solved."

### Woodburn Instructor Is Given Recognition

Carl Magnuson, Woodburn, and Carl Floten, Halfway, have had the largest number of food pro-

duction war training classes approved since July 1 of any of the 41 agricultural departments in Oregon, Earl R. Cooley, state supervisor of agricultural education, announced here Wednesday.

Magnuson supervised 17 classes in the operation, repair and construction of farm machinery equipment up to January 15. Floten supervised a community cannery and supervised 14 machinery repair classes.

Rosman in Independence—Justice George Rossman will be the speaker Monday night at the Independence Lions club at Cafe Adair. This will be "ladies night" for the club and Melvin Jones, international secretary, will be present. Dr. George C. Knott, president of the club, will preside and speakers will be introduced by W. A. West, program chairman.

# ANNUAL JANUARY CLEAN-UP
