Pumping Cost Is Quartered At Silvertown

SILVERTOWN, Feb. 6.—A pumping system which cost Silvertown \$12,500.07 for 23 months was replaced during the past few months at a cost of \$2,500. This was shown in a report to the city council Monday night by H. C. McCrea, city manager. He filed a statement on the pumping costs.

From December 1942 to October 1944, labor for pumping totaled \$7,187.64, rental and repairs on the diesel motors was \$2,661.16 and fuel was \$2,651.27, which totaled the \$12,500.07. Average cost per month was \$568.18.

The new electric pumping set-up with the pumps costing \$1,238 and installation bringing costs to \$2,500. The January pumping bill ran only to \$138, McCrea's report showed, or less than one fourth the average for the 23 months.

Rail Strength Sends Stocks Soaring Again

NEW YORK, Feb. 6.—(AP)—Renewed strength of rails helped pull the stock market average back to its 7-year peak today in the sixth consecutive rising session, although numerous recent leaders were depressed by profit taking.

The carriers got going before midday as dividend hopes revived and a latter cheering earnings statement by Union Pacific propelled gains of fractions to two or more points were well distributed at the close.

The Associated Press 60-stock composite was up 2 of a point at 59.9, equaling the highest figure since Sept. 10, 1938, established early in January. It was a broad market, 968 issues registering; of these, 422 were up against 546 down or unchanged. Transfers totaled 1,598,120 shares compared with 1,800,140 Monday.

Advances included Santa Fe, Southern Railway, Northern Pacific, Union Pacific, N. Y. Central, American Telephone, Woolworth, United Aircraft and Owens-Illinois.

By order of the Marion County Court, State of Oregon, at a regular session held February 5, 1945.
