CHICAGO, March 7-(AP)-Grains broke sharply in futures markets today under profit cashing but a bulls and yeals. Will call at farm strong rally in corn during the Ph. 21345. Morns or eves final half hour stimulated buying in other pits and some of the losses were recovered.

Weakness developed in all markets shortly after the opening and at times September wheat was off as much as 21/4 cents. The off options of wheat bore the brunt of the selling, attributed to indications the war in Europe may end soon and to reports of prospects for a bumper crop this season. Wheat for March delivery sold

at \$1.77%, the futures ceiling. Local traders sold corn persistently until shortly before the finish and at time prices were off' nearly a cent.

At the finish wheat was unchanged to 11/2 lower than yesterday's close, May \$1.70%-1/2. Corn was 1/8 to 1/8 higher, May \$1.15%-1/2. Oats were up 1/4, May 67%. Rye was 1/8 higher to 1/4 lower, May \$1.16%-%. Barley was off 1/8 to 1, May \$1.13.
