Wheat Leads **Grain Market** In Advances

to the army in southwestern markets Saturday.

Another factor in the trade was the action of the Canadian wheat board in increasing the price of wheat for export 21 cents per bushel during the week-end.

Corn, off minor fractions at the start, rallied when wheat turned strong. After shorts had covered the demand lagged and during the final hour prices dropped to near the previous close. Cash handlers reported 54,000 bushels bought on a to-arrive basis.

At the finish wheat was 1/2 to 2 cents higher than Saturday's close, May \$1.71-1.70%. Corn was unchanged to up 1/4, May \$1.14%. Oats were 1/8 to 1/2 higher, May Cards Pouring \$1.14%-1/2. Barley was 1/2 higher, May \$1.111/2.

This mill will be modern and up-to-date in every respect, with a capacity equal to or greater than the Producer's Portland mill. The cooperative has bought a half block bordering Third and Madison streets with Southern Pacific trackage the full length of the property. Eventually this place will also house an egg receiving and packing plant.

The cooperative, during the past year, has purchased a site in Salem for a future branch building, opened a branch at Medford and worked on plans for an extensive addition and modernizing at the Roseburg plant.

The CCC wool purchase program has been extended officially to June 30, 1946. It provides for the purchase of the 1945 clip upon some minor exceptions.

A definite stand is being taken in regard to off-wool. Under the terms of the handlers' agreement, appraisers will be instructed to
