Salem Electric Reduces Rates

Harry Read, manager of the Salem Electric Co-operative, announced Monday that effective at the next meter reading, rates for the first 50 kilowatt hours would be 21/2 cents; the following 150 kilowatt hours will be 1 cent, and

any balance 1/2 cent. Currently the 1-cent rate is for 200 hours, and the change thus reduces the rate on 50 additional hours to the 1/2-cent bracket.

Read said the new rates would be the same as those in vogue in Forest Grove.
