Showdown Battle Looms in South; **Two-Thirds of Berlin Conquered**

Stettin, **SEEMS** Bruenn TO ME Captured By Charles A. Songer

The war department is planning to release, starting at midyear, a number of soldiers who are rounding out four to five years of service. In this group for example would be the national guard which was mobilized in September of 1940, also the earliest inductees and the early volunteers in the army and navy. Their length of service has taken a whole lot out of their lives, and sideration for discharge.

As is usual with such announcements however, a string is tied to it. The qualification is made that all these men can be spared, and will have to be deferred. Now why can't they be spared? For this reason: the veteran is the best soldier. You have to have a skeleton force of veterans to give an outfit backbone and organization. This is true of the men in the ranks and it is true of officers.

Follow the history of a division: First it is activated; its cadre of officers is obtained and their inmen to fill the companies and regiments and battalions. Their training begins, first in the manual of arms, then in platoons, and on up the line in larger operations until finally come the division or corps or army maneuvers. The division is then declared trained and is shipped overseas; but it still is composed of green troops, of men who have never faced gunfire and artillery fire aimed to kill them. Soon the division gets

WASHINGTON, April 26 -(AP) Still more meat was put under rationing control today, effective Sunday, with the average point price higher, but some canned fruits and vegetables were reduced in point values.

Chester Bowles, price administrator, said the point raises for meat, putting about 991/2 per cent of the civilian supply under ration control, reflected a supply for May some 21/2 per cent less than that of April. About 941/2 per cent of the meat supply was rationed this month.

Processed food ration value cuts were highly selective: In canned snap beans, tomato catsup and chili sause, apricots, and tomato juice and vegetable juice combination. The point price of grape juice went up.
