

Old Acquaintances Meet After Many Years Separation

TURNER—Mr. and Mrs. Henry Benner have recently met friends whom they hadn't seen for nine years. They are Mr. and Mrs. W. R. Nelson, now of Portland. They were here for the weekend

visiting their daughter, Mrs. Donald Burkland. The Benners and Nelsons were acquaintances in Oshkosh, Wis., and had many friends in common. The Nelson family settled in Klamath Falls and the Benners have lived south of Turner nearly four years. The latter would have traveled with the former in coming west, but

they were not quite ready for the trip. Two daughters of the Nelsons are living in Portland and the other is living south of Turner. A son died in 1938 as the result of an accident. One son of the Benners is on his way home with an honorable discharge after being with the army in New Guinea 33 months;

one son is at Corpus Christi naval air station after seeing action in the Pacific; another son has been in Portland, and the other son is at home. One daughter is in Wisconsin and the other in New York. This chance meeting was brought about when Mr. and Mrs. Burkland moved recently to a home very near that of the Benners.
