Cordon Urges OPA to Solve Lamb Problem

Solution of the unsatisfactory lamb marketing conditions has been urged upon office of price administration officials by Guy Cordon, he telegraphed E. L. Peterson, state agricultural director, here Thursday.

The telegram read: "I recently held a conference with OPA representatives relative to the present unsatisfactory lamb situation in the Pacific northwest and urged immediate action at opening of the season rather than at the close as last year. Emphasized the necessity of OPA exploring all avenues of relief including making available additional ration points for soft lamb season.

"Sen. Wayne Morse cooperated and we are contacting OPA administrator with request for immediate memorandum indicating Peterson Asks ministrator with request for implan of action."
