

Man Who Shot His Daughter Kills Himself

KANSAS CITY, May 31—(AP)—"It's better this way," sobber grief-stricken Mrs. Ray E. Davis today following the suicide of her husband, sought since Tuesday night in the fatal shooting of his 21-year-old daughter, Lula Mae Davis.

Deputy Coroner Thomas Davis said the 42-year-old furnace repairman died of a self-inflicted bullet wound at the family home, only two feet from where Lula Mae was shot and killed when Pvt. David Harold Sharp, just back from two years in the Pacific, called on her.

Police, searching the Davis home, found a note they said indicated Lula Mae expected to marry Sharp this fall.

Mrs. Davis was told of his death at the detention quarters of the city welfare department where she and two other daughters had spent the night under police protection while the search continued for Davis.

Blood-Spilling Row Among Three of Its Members Spurs United Nations to Succeed

By DOUGLAS B. CORNELL
SAN FRANCISCO, May 31.—(AP)—A blood-spilling dispute among three of its member nations gave new urgency tonight to efforts of a United Nations conference to set up a world league equipped to settle just such arguments. The American delegation swung into action to press the job to a successful conclusion.

While other delegates talked uneasily about the armed controversy in which France, Syria and Lebanon are involved on the other side of the world, United States representatives at the Golden Gate tried to prod the big five into agreement on half a dozen issues which bar the way to finishing a charter for a new world organization.

Defining the extent of great-nation veto powers over efforts of a proposed security council to prevent war still is the big question to be decided. But nothing can be done about it until Moscow reacts to an interpretation of these powers.

But the United States delegation attempted to solidify American, British, Russian, Chinese and French policy on these additional

Japs Attempt Counterattacks In Philippines

MANILA, Friday, June 1.—(AP)—Japanese forces have attempted widespread counterattacks against Filipino guerrillas and American infantrymen on Luzon and Mindanao as well as against Australians on New Guinea, but a headquarters spokesman said today they were "almost uniformly unsuccessful."

While the actions were small in scale, they were persistent and ferocious. On northern Luzon guerrillas bloodily repulsed several hundred Japanese troops attempting to cross to the west bank of the Cagayan river on rafts between Aparri and Tuguegarao. The guerrillas previously had pushed the enemy out of the rugged mountain country onto the east bank of the river, and thus maintained control over the area they had fought to clear.

At the southern entranceway to the Cagayan valley, where the last major Japanese force now is being compressed by the 25th and 32nd divisions, the Japs cleaned out 32 Japanese-infested cave positions of Santa Fe.

On Sunday and Monday nights the Americans fought off a blood-thirsty series of banzai charges in hand-to-hand clashes.

With OPA

A. A. Gueffroy, Salem merchant for more than 20 years (Commercial Book store), today succeeds George W. King as chief clerk of the Salem war price and rationing board. King, in turn, succeeds Paul Hale as area supervisor, OPA, and Hale, who has been with the OPA since shortly after organization of local rationing boards, enters business for himself as an accountant.

U. S. Preparing War Criminal Lists for Trial

LONDON, May 31.—(AP)—The United Nations war crimes commission was told tonight that the United States is preparing a list of accused criminals for submission in full with every case "ready for immediate trial."

P. H. E. Kent, British delegate to the commission, made the disclosure while telling the commission of difficulties encountered in dealing with the masses of evidence uncovered by the recent liberation of allied prisoners of war.

The American accusations have not yet been announced.

Kent's statement came shortly after Lord Wright, chairman of the commission had called for speedy prosecution and punishment of nearly 3000 persons charged as war criminals by 11 allied countries.

Kent suggested that some method be devised of dealing with certain war criminals en masse. This would apply in the cases of large numbers of the enemy concerned in cruelties and tortures suffered by inmates of concentration camps and persons in occupied areas, he said.

Lord Wright declared that some Nelson might "gradually grow up" between the commission and the separate Russian war crimes commission, which is not a member of the United Nations groups.

He asserted the commission has decided to lift its rule of complete secrecy on its work, save in cases in the far east, and made several new disclosures about its operation. No new names of war criminals were released.

Thumbnail of War!

Okinawa — 10th army gains up to 1200 yards on flanks as encirclement of Shuri town near; stiff fight nets hill positions south of town.

Philippines — Yanks and Filipino guerrillas turn back counterattacks in company strength on Luzon and Mindanao.

China — Chinese troops capture Ishan, south China rail town cutting deeper into Japan's corridor to Indo-China.

Burma — British tommies still cleaning up die-hard Jap rearguard units trying to protect Nip withdrawal across Thailand border.

U. S. Casualties Over Million

WASHINGTON, May 31.—(AP)—Combat casualties of American armed forces passed the million mark today, roughly 3 1/2 years after the Japanese sneak attack on Pearl Harbor.

The total of 1,002,887, which covers fighting up to about a week before V-E day includes 227,097 killed, 607,468 wounded, 63,455 missing and 104,867 taken prisoner.

The army casualties totaled 890,019 and the navy is 112,868. The aggregate was an increase of 6798 over last week's report with a rise of 3304 in navy casualties representing almost half of the advance.

Army to Keep Men Over 35

WASHINGTON, May 31.—(AP)—The army today turned the cold shoulder on proposals to discharge soldiers above the age of 35 and those with special skills needed in civilian life.

terson said the soldiers now designated for release—those 40 or over and those eligible under the point system—were all that the army can safely spare at this time.

On the basis of present plans, the army expects to release approximately 2,000,000 in the next 12 months including 1,300,000 under the point system. With new inductees, this will leave a force of 6,968,000 for the war against Japan.

Miss Perkins
Steps Out of Cabinet Post
WASHINGTON, May 31.—(AP)—Secretary of Labor Frances Perkins, leaving the cabinet after 12 years, said tonight "tremendous progress" had been made during her administration and she intends to continue in public life.

Her successor, Lewis B. Schwelb, jurist and former senator from Washington state, was confirmed by the senate today without dissent. He will take office July 1.

Miss Perkins, first woman to hold a cabinet office, predicted a "long, long period of high level employment" with a postwar national income of 130 to 140 billion dollars.

Gets Medal
WASHINGTON, May 31.—(AP)—President Truman in a surprise ceremony today presented the Distinguished Service medal to Stephen T. Early, retiring after more than 12 years as secretary and special assistant to the late President Roosevelt and Mr. Truman.

Early was awarded the gold military medal for remaining at his post "at great personal sacrifice" and for rendering "great assistance in helping to arouse the nation in the days of its unpreparedness to a sense of the danger which threatened it from aggressions abroad."

Army Resumes Dredging Near Wheatland Ferry

Dredging operations in the Willamette river between Wheatland ferry and Albany and Corvallis have been resumed by United States army engineers with E. C. White, engineer from the Portland office, in charge.

Two barges are being used in the operation along with other equipment. It was reported that a new channel will be made between Albany and Corvallis.

War Bond Sales Reach Third of State's Quota

PORTLAND, May 31.—(AP)—War bond sales climbed to a third of Oregon's \$110,000,000 Seventh war loan quota today.

Sales of \$35,349,650—32.1 per cent of quota—were reported, with \$ bonds representing \$21,396,522 of the total.
