Bikes Impounded—Police have started impounding unlicensed bicycles which constitutes the penalty for not paying the 50-cent registration fee. C. F. Jory, in charge of the bicycle licensing division, said Thursday that 2513 licenses had been issued and it is estimated there are 5000 bicycles in the city. Under the ordinance owners of unlicensed bicycles can be deprived of the use of their wheels until licensed. Failure to purchase a license automatically takes away their right to use the machine for 10 days. To date this rule has not been invoked but unless licensing picks up Jory said the court probably would begin to assess this penalty.
