Where the eagle's brood is hatched

This is the first step toward a bomb run over Tokio, a first solo at Rankin Aeronautical Academy—and a flight that's powered by Chevron Aviation Gasoline. More than ten thousand flying cadets have won their wings over Rankin Field, at Tulare, California—each of them learned to fly on Chevron. They know what Chevron Aviation Gasoline can do. That's why we have a hunch they'll be the strongest boosters for the highway version of Chevron we're planning for your car.
