4,000,000

extra farm helpers needed!"

says U. S. Dept. of Agriculture

This is an emergency. Crops in this area must be saved. You can do nothing more patriotic than help the farmers in your area bring in the food. The country faces the worst farm-labor shortage since the war began. If the food crop is to be saved, 4,000,000 non-farm volunteers must be found. Get a farm job—spare time, week-ends, Sundays,

during your vacation. Help your country feed our Armed Forces, our fighting Allies, our civilian population. The war effort needs every scrap of food the country's growing. Help bring in the food. You'll enjoy the healthful outdoor life; and you'll be paid prevailing rates as you serve your country.
