

### Camp Adair Lists Needs Of Workers

CAMP ADAIR, Ore. — (Special) Urgently needed at Camp Adair to help in the great redeployment program of troops to the Pacific theatre of war are civilian telephone operators, dental assistants and trainees, clerk stenographers and clerk typists.

The ordnance department there is seeking instrument experts, mechanics, small arms (rifle) repairmen, body and fendermen, all types of mechanics and other persons with skilled trades.

Also needed after August 1 will be laundry workers, checkers, pressers, markers and flat piece folders, and in the clothing and equipment department inspectors, repairmen, seamstresses, sizers and markers will be needed then.

At Camp Adair, provided for the army for women workers whose homes are not in the vicinity of the camp, is a large dormitory, and for the men, quarters in large two-story barracks.

Also at the camp for the benefit of its workers is a large cafeteria-type restaurant and a smaller cafeteria in the post service club and in the post exchange.

Records are kept of car owners, and those desiring rides, and arrangements are promptly made for transportation for employees who live in the various communities around the camp. The rate is set by the car owner and is always a nominal sum.

At Camp Adair the 48-hour week prevails, but overtime is paid for all work over 40 hours a week, except to those employed at per diem rates. For civilian employes hours are from 8 a.m. to 4:45 p.m., with a 45-minute lunch period.

Those interested in working at Camp Adair may apply at their nearest U. S. employment service office.

### 99 Arrested For Driving While Drunk

State troopers arrested 99 persons for drunken driving during June, with fines aggregating \$3731, Charles P. Pray, superintendent of state police, reported to Gov. Earl Snell here Wednesday.

There were 1619 arrests in the motor vehicle law enforcement division for the month. Fines totaled \$18,349.05.

General law enforcement division arrests numbered 268 with fines of \$2681.35. Fourteen arrests were reported in the commercial fisheries code division and 100 arrests in the game code division.

The state police received 332 complaints during June with 191 classified as cleared.

There was one arrest for manslaughter.

### Veneral Disease Shows Increase in Oregon

PORTLAND, July 25.—(P)—Veneral disease made up 57 per cent of all communicable diseases in Oregon last week, the state health board said today.

The 324 veneral cases represent a 43 per cent increase over the same week last year.

Infant and maternal deaths continued to drop but dysentery, diphtheria, influenza, tuberculosis and mumps increased.

Scene from the thrilling Western, "Vigilantes of Dodge City," starring Bill Elliott, with Bobby Blake, Alice Fleming, Linda Stirling now showing at the Capitol Theatre with companion feature "Between Two Women" starring Van Johnson.

### Valley Area Agriculture in Key Position

"Changing agriculture with more varieties of crops makes agriculture stable and we sometimes wonder whether business men, always eager to throw their energy into efforts to attract new industries, are not overlooking their best bet in agriculture which brings \$25,000,000 annually to Marion county," Walter C. Leth, Polk county farm agent, told members of the Salem Rotary club at their Wednesday noonday meeting in Hotel Marion.

"When agriculture was in its infancy in this area," Leth said, "Polk county had 50,000 acres of land in wheat, Marion probably 100,000 acres. That was about the only crop farmers could count upon. Today, Polk county has 100,000 acres of crop lands, Marion about 200,000. But crops have changed. Marion has about 13,000 acres in wheat. Few counties in this area now grow enough wheat to care for local needs. Better paying crops have been developed, and, we like to think, partly because of the methods projected through the agricultural extension service.

"This area with 13,000 acres in hops tops all sections of the world. Another 1400 acres are in cane fruits, 1500 acres in strawberries, 15,000 acres in legumes and other feeds, 10,000 acres in grass seeds, 4500 acres in clover and hundreds of acres in a variety of orchards.

"The extension service's business is to raise the farm income in the areas served. An indication that good service is being given to the farmers is evidenced by the figures from the office of Jerry Nibbler, Marion county farm agent. I saw his last report which showed 12,000 office callers and 5000 phone calls.

"The 4-H club work is proving a fine success. Many parents of children engaged in the 4-H projects have told me they have changed their methods after the children had had such wonderful success with work projects. There are 2500 members in the work in Marion and six or eight hundred in Polk county.

"The farm income in Marion county in 1936 was about \$8,000,000 and this has been increased until the past year it has reached \$25,000,000. This increase is not all due to increased acreage or high prices, much of the increase coming from planting of a variety of crops for which the demand is great and the price high. This area can grow a wider variety of crops than most places in the world."

### Mt. Angel Post Plans Session At Silverton

MT. ANGEL — New officers of the legion and auxiliary officiated at the meetings in the Memorial hall Tuesday night. Only one meeting each for August and September will be held.

The installing teams will go to Silverton on August 13 to seat the officers of that post and unit. The commander announced that the 40 and 8 would come to Mt. Angel to install its officers September 15 with the local auxiliary preparing and serving the banquet. Details will be worked out at the August meetings.

The special service flag for the Fenimore family was displayed by the post Tuesday night and will be presented at the next meeting.

Commander Sibley appointed the following committees: Americanization — William Bean, Edwin Freeman and Harold Brendler.

Entertainment — Jos. Faulhaber and four assistants to be selected by himself.

Membership — Ernest Crowder. Visiting — Peter Cores and Otto Oswald.

Athletics — William Bean, Conrad Stenger and Fred Lucht. Tony Zollner was named chairman of the refreshment committee.

The regular installing team of the auxiliary will do the honors at Silverton and includes Mrs. Clatus Butsch, Mrs. Peter Cores, Mrs. Mae Haggie, Mrs. Clifford Norton, Mrs. Tony Miller, Mrs. Frank Walker, Mrs. Fred Prosser, Mrs. Fred Lucht, Mrs. Harry Borkenhagen and Mrs. S. C. Sibley.

### Prineville Mill Hit By \$125,000 Blaze

PRINEVILLE, July 25.—(P)—Manager J. F. Daggett today estimated \$125,000 damage from a fire which levelled the Alexander Yawkey sawmill here last night. Shifts were changing at the mill, Crook county's largest, when flames broke out under the green chain. The mill, built in 1943, cut 8,000 feet in hour.

### Surprise Phone Calls Received By Lebanon Folk

LEBANON — Telephone calls from sons in the service have come as surprises to several Lebanon families lately. Mr. and Mrs. Homer Sanders were called by their son, Donald Sunday. He served in Germany with a medical detachment and had just arrived on the east coast.

The week before Mr. and Mrs. Hugh Olds were surprised when their oldest son, Bill, whom they supposed was in the Philippines called them from Hamilton field in California. He had come from the islands by plane and was on his way to New York where he was to have a month's training in army personnel work before returning to active duty. He will have 30 days at home after this course.

### Union Hill Women Hospital Patients

UNION HILL — Mrs. Mary Tate is ill and in the Salem General hospital. Mr. and Mrs. Ralph Mollet were in Salem on Monday to see her mother, seriously ill at the Salem General hospital.

### Child Care Centers Won't Continue in Peacetime

PORTLAND, Ore., July 25.—(P)—Wartime child-care centers here, now maintained with federal funds probably will not be continued in peacetime, Willard B. Spalding, Portland school superintendent, said today.

"My recommendation to the board is that this program will end, whenever federal funds are withdrawn," he declared.

ALBANY, Ore., July 25.—(P)—All traffic will be blocked above Moose Creek until a bridge smashed by a huge fir tree is repaired, county commissioners said today.
