Wheat Drags, Other Grains Steady, Strong

CHICAGO, July 30—(P)—Wheat dragged today while other grains were steady to strong in grain futures trading. Oats and rye developed independent strength, rye finishing 3 1/2 cents above the previous close and oats as much as 1 1/2 cents higher.

Scattered buying lifted wheat at the start, but selling orders, some from professionals and some hedging brought a dip about a cent lower than the day's best price. Government bids for cash wheat continue in southwestern markets and offset somewhat liberal receipts. The trade heard reports that Mexico will be in the market for 150,000 tons of cash wheat tomorrow.

Corn futures showed little action despite continued favorable growing weather. Trade in oats was active with commission houses and professionals on the buying side.

At the close wheat was 1/4 lower to 3/8 higher, September \$1.65 1/2-3/4. Corn was unchanged to 1/4 higher, September \$1.18 1/4. Oats were 1/2 to 3/4 higher, September \$1.49 1/4-3/4. Barley was 1 cent to 1 1/2 cents higher, September \$1.14.

Stocks Extend Recovery by New Advance

NEW YORK, July 30—(P)—Stocks generally extended their recovery by fractions to three points in today's market with motors well out in front.

Transfers of 910,000 shares compared with 920,000 Friday. Revival of hope for heavy production of new passenger cars in the near future served as a purchasing inspiration. In addition, accounts were reinstated here and there on the idea the list had undergone a worthwhile technical correction in the relapse of the past several weeks.

The Associated Press 60-stock average was up .5 of a point at 64.3. Graham-Paige, still reflecting the hookup with Henry J. Kaiser, was the liveliest sprinter, up 1 1/2 at 11 1/4, a 1945 peak. It was followed by Packard and Hupp Motors, the latter also at a new top. Chrysler added three at 100 1/4.

Losers included International Harvester, Kennecott, Du Pont, Allied Chemical, Dow Chemical and Eastman Kodak.
