### Radio Programs Of Interest

The Business and Professional Women's club wishes to call attention of its members the radio program, "Beyond Victory," which can be heard over KSLM each Monday night at 6:45 p. m. The program is broadcast by World Wide Broadcasting Foundation, which is a non-profit, non-commercial organization, whose purpose is to foster, cultivate and encourage the spirit of international understanding through education by radio.

Several of the topics to be discussed on these programs will be taken up for study by the Salem BPW club in development of its theme for the ensuing year, "Our World to Build." The topic for Monday August 13 is "The People Write a World Charter."

Rev and Mrs. George H. Swift are spending several days along the Oregon coast.

### Alpha Chis Give Rush Parties

A number of Alpha Chi Omega sorority coeds of the Beta Chi chapter on the Willamette university campus will be in Portland this weekend to attend two summer rush parties.

The Alpha Chis are entertaining with firesides Friday and Saturday nights at the home of Mrs. C. McCormick. Last Sunday the coeds entertained with a formal rush tea at the home of Mrs. E. A. Willey. Miss Marjorie Grenfell is in charge of Portland rushing and Miss Mary Parker of Salem in the Alpha Chi rush chairman.

### Flavored Gelatines Scarce but Plain Remains as Staple Basis for Salads

If we only had some gelatine we could have some gelatine salad.

Jellied salads, though usually considered light and perhaps feminine, do attract the stronger sex too. Though some writers argue to the contrary, watch men diners-out choose jellied salads and desserts from the menu.

Few grocers show any flavored-sweetened gelatine products, but the good old Knox variety remains on the shelves almost constantly.

Let's see what we can concoct with unflavored gelatine, and only a little sugar (though we must have some form of sweetening in most salads).

Here's a luncheon salad that invites eating, it takes no sugar at all, and is a rather filling dish.

**LUNCHEON SALAD**  
1 can cream of tomato soup (or tomato juice)  
1 cake cream cheese  
1 tablespoon unflavored gelatine  
¾ cup cold water  
½ cup mayonnaise  
½ cup chopped celery  
1 green pepper, chopped  
¾ cup stuffed green olives, cut up

Bring soup to the boiling point, add gelatine that has been soaked in cold water a few minutes. Stir until dissolved, add cheese and dissolve. When cool and ready to set, add remaining ingredients. Chill.

**BASIC GELATINE SALAD**  
Soak one envelope gelatine in ¼ cup cold water, dissolve in 1½ cups boiling water. Add 2 tablespoons lemon juice for fruit salads and vinegar for vegetables, meat or fish. Usually a little sugar improves the salad.

Variations: 1—Add 1 cup well drained grapefruit segments and ¼ cup chopped green onions to the gelatine mixture after it has chilled.

2—Add 1 can flaked tuna or salmon, 1 cup chopped celery ½ cup chopped pickle and a teaspoon prepared mustard.

4—Pour chilled gelatine over prunes stuffed with cheese.

5—Stir in 1 cup cottage cheese, half can chopped pimientos, some olives and some pineapple if you have any.

Strange but really refreshing is this one:

**KRAUT SALAD**  
1 cup kraut (drained)

**Worry of FALSE TEETH**  
Slipping or Irritating? Don't be embarrassed by loose false teeth, slipping, dropping or wobbling when you eat, talk or laugh. Just sprinkle a little **FASTEETH** on your plates. This pleasant powder gives a remarkable sense of added comfort and security by holding plates more firmly. No gummy, gooey, pasty taste or feeling. It's alkaline (non-acid). Get **FASTEETH** at any drug store.

### Return to Salem

Being welcomed back to the capital are Mrs. Richard Jones and her two daughters, Cheryl Ann and Patricia Lynn, who have been residing in Santa Barbara, Calif., for the past three years, while Chief Warrant Officer Jones was stationed there.

Mrs. Jones, the former Barbara Lamb, and her little girls will remain here with her parents, Mr. and Mrs. J. M. Lamb, while her army husband is on active duty.

Chief Warrant Officer Jones accompanied his family north last week and left by plane Saturday for Camp Beale, Calif., where he will receive his orders.

**SILVERTON**—A 6 o'clock picnic supper will precede the regular meeting of the Junior Women's Guild of the Christian church Monday night at the John Jordan home on Mill street.

### Electroscope Detects Bomb Radio Activity

**PORTLAND, Aug. 9 (AP)**—A simple electroscope, familiar to the average high school physics student, would detect radio activity in an area where an atom bomb has fallen, a Reed college physics professor said today.

Dr. Ansel A. Knowlton said the electroscope was invented 250 years ago.

### Morale Hits Up-Grade Despite Danger in Atom Bomb Plant

**RICHLAND, Wash., Aug. 9 (AP)**—Discovery that they were making the heaviest explosive wallop mankind has known did nothing to lessen the enthusiasm of Hanford project workers for their mysterious jobs.

"Far from it," Plant Manager Walter O. Simon of the Du Pont de Nemours and company said today. "When word came that they were responsible for making the materials that fill the new bomb, morale soared to the skies."

"Small complaints disappeared almost immediately. Our men have to ride long distances to their jobs. In hot weather it isn't the most comfortable journey. We were getting complaints about the lack of air cooled equipment prior to this week, but now — not a squawk!"

Simon said one group of workmen have taken a vote and pledged "never to complain again."

Security regulations have disclosed only limited details about working conditions within the atomic energy plants, and the processed product is never seen by the men who actually make it. Simon said the employees feel no danger of being "wiped out" by

the ingredients which have the Japanese pleading for "humane intervention."

"We have it under control and risks here are no greater than within the average chemical plant," he said. "We haven't had any type of injury since production began last February."

He said Du Pont would make a profit of just \$1 from the \$350,000,000 operation.

**MIAMI, Fla. (AP)**—When a whistle on a boat docking at the navy training center became stuck, Miami immediately concluded that the atomic bomb had brought the war to an end. Switchboards of newspapers and radio stations received a deluge of telephone calls.

### Churches Ask Bombs Cease

**SEATTLE, Aug. 9 (AP)**—The executive committee of Seattle's Council of Churches and Christian Education called upon President Truman today to "discontinue the use of atomic bombs for a time really adequate for the ruling powers of Japan to consider and accept any reasonable terms of surrender."

At the same time an editorial in the Catholic Progress condemned "wholesale killing of innocent persons, non-combatants," and asserted the bomb could not be used for precision bombing of military targets and "the end does not justify the means."
