

Ike Burton New Man on Scio Council

SCIO — Appointment of Ike Burton by Mayor M. B. Cyrus Monday night to succeed W. D. (Bill) Johnston as a member of the council board was confirmed at a regular meeting of that body. Johnston, native of Scio, recently moved with his family to Toledo.

City treasurer was richer by \$163 from municipal tax on punchboards for the month of July, according to report of the recorder. Operators of these devices recently had requested the council to reduce the tax but the board declined.

All members except the newly-appointed Ike Burton were present. Mayor Cyrus presided.

Retreats Will Conclude With August Meet

MT. ANGEL — The last of the series of Laymen's retreats at Mt. Angel college of this, the silver jubilee year, will be held the weekend of August 17 to 19, with Archbishop Howard of Portland promising to be there. Father Alcuin will conduct the retreat.

The fact that the retreats, started by a group of Knights of Columbus in 1920, have persisted through 25 years in drawing men each year for communing with their God, is proof enough of their power and influence, say churchmen.

Among those who have attended every retreat are Charles Wentworth, George F. Connors and Pat Lonergan, Portland; Tom Windishar, Salem and P. N. Smith and Alois Keber, Mt. Angel.

The August retreat was added to the regular June one some years ago to care for the overflow. Attendance made it necessary to hold two June retreats this year. The names of the officers for the coming year were submitted by the nominating committee at the first retreat, approved by the second and will now be offered for final approval to the men attending the last. The subject of building a regular retreat house will also come up for consideration. All business will be conducted at the social get-together that follows immediately after the spiritual exercises.

The schedule will be the same as formerly. The first opening conference will be held at 8:30 p.m. August 17. Special devotions on Saturday will include the stations of the cross at the outside stations in the afternoon and the candlelight procession to the grove of the Blessed Virgin at night.

BACKACHE, LEG PAINS MAY BE DANGER SIGN

If backache, leg pains, or aching muscles, don't just complain and do nothing about them, Nature may be warning you that your kidneys are overworked.

The kidneys are Nature's chief way of taking gross acids and poisonous waste out of the blood. They help most people pass about 5 pints a day.

If the 15 miles of kidney tubes and filters don't work well, poisonous waste accumulates in the blood. These poisons may start nagging backaches, rheumatic pains, leg pains, loss of pep and energy, getting up at night, swelling, puffiness under the eyes, headaches and dizziness. Frequent urinary passages with smarting, burning sometimes shows there's something wrong with your kidneys or bladder.

Don't wait! Ask your druggist for Doan's Pills, a stimulant diuretic, used successfully by millions for over 40 years. Doan's give happy relief and will help the 15 miles of kidney tubes flush out poisonous waste from the blood. Get Doan's Pills.
