Four-Legged Chicken Beckons Wealth to Its Turner Owner

TURNER — Mrs. Pearl Given, route 1, says she's going to sell her four-legged chicken to a side-show for perhaps \$100. In the meantime she feels it ought to be worth ten cents admission to view this freak.

Of course this is all a pipe dream because the chicken is only five days old, but who knows

what the future may hold. The chick is perfectly normal, other than the two extra legs which are not attached in parallel positions, but with one in front and the other to the side of the normal pair. It eats and sleeps and travels about with good speed.

Mrs. Given has it in the care of a special mother, which also cares for another chick that decided to see the light too soon. It was one of the ten hatched when the four-legged chick came out. However, two days before the rest of the chicks, it pecked the shell open and Mrs. Given took it to the house where it lay asleep for two days. When the others hatched, it also came to life and is now living with its foster mother and the freak.

Ray Adams, who put on a rodeo here June 9 and 10, will offer a bigger show, with more features, more events for women riders, and more races. The show starts at 1:30 p.m. each day.

Adams is now in Fossil and Pendleton areas, buying up fresh bucking stock for the show. All the rodeo features of the June show are scheduled: saddle bronc riding, calf roping, bareback bronc riding and wild cow milking.

Fire Destroys Standing Wheat Near Monmouth

MONMOUTH — A stubble fire of unknown origin Saturday afternoon appeared to start on the J. E. Winegar land in north Monmouth, not far from the highway. Fanned by wind, it burned brush and straw along a fence row, jumped into a 10-acre tract adjoining owned by Lyman Parker and on northeast into the Frank Robison land, where two and a half acres of standing wheat was destroyed. The fire department stopped it with the aid of a tractor.

No particular damage was done except to the wheat field. Straw left on the Parker land from combining fed the flames, which raced toward the gentle woods, but was extinguished before reaching there. The Robisons were away from home and are very grateful to the men who put out the fire before it did greater damage. As it was all in the north city limits of town, much more damage would have been done had the wind been from the north.

Oehlers Lockers Under Management of Myers

SILVERTON — Mr. and Mrs. Fay Myers have assumed management of the Oehler Lockers on North Water street. Myers has been working at the locker plant for a year, and Mrs. Myers has been with the Safeway store.

L. P. Oehler, owner of the lockers, came here from Enterprise about a year ago, and plans to retire. The Myers have also lived at Silverton for a year, coming here from Burr Oak, Jewell county, Kansas. They have bought the former G. B. Benton home on East Oak street.

Presidents Jackson, Lincoln and Johnson were self-educated.
