

'We Come as Conquerors'

Col. S. F. Mashbir (right), official interpreter for American forces, catches himself in time to refuse handshake with Lt. Gen. Takashiro Kawabe (hand extended), Japanese surrender delegate arriving in Manila—remembering it is the enemy who is before him. (AP Wirephotos)

Saga of Submarine Squalus' Carrier Attack Told by Navy

WASHINGTON, Sept. 1—(AP)—The navy told today how the submarine, Squalus, the former Squalus, dared overwhelming Japanese power and mountainous seas to sink a 22,500 ton aircraft carrier of the Kasuga class.

As the Squalus, the vessel almost came to a tragic end May 23, 1939, when she sank in 240 feet of water off Portsmouth, N.H., during diving exercises. She was re-

floated, however, refitted, and recommissioned as the Sailfish.

Machinists to Abandon Strike

KLAMATH FALLS, Sept. 1—(AP)—Despite picket lines, AFL machinists at Weyerhaeuser Timber company — tied up three weeks by a CIO-IWA strike—will go back to work Wednesday, a union official said today.

An investigation showing the strike to be illegal prompted the machinists' back-to-work vote last night, said M. T. Lovay, AFL machinists representative. In such a case the 48 AFL men can ignore picket lines, he explained.

Lovay said investigators found the CIO International Woodworkers of America had a contract with Weyerhaeuser until April 1, 1946. CIO workers reemphasized today they will not resume jobs without a union shop agreement.

Marines Promised Rapid Demobilization

WASHINGTON, Sept. 1—(AP)—General A. A. Vandegrift, marine corps commandant, tonight promised his men in the Pacific he will get them home "in a manner as rapid, equitable and orderly as possible."

He said that a demobilization system has been inaugurated, and told the marines that "we believe you will find it the fairest and most efficient that can be employed."

Vet Radar Technician Ends 30-Day Leave

Dean Lester Kelly, radar technician 3/c, left Wednesday for Norfolk, Va., where his ship is docked, after spending a 30 day leave with his parents, Mr. and Mrs. Philip Kelly, Lebanon.

He had been gone three years and taken part in major battles at Leyte, Saipan, Guam and other South Pacific points. One time his ship was hit by an enemy suicide plane.

He attended Salem schools and enlisted from here but his parents recently moved to Lebanon from 20 Childs ave., Salem.

2-CROPP TREE PAYS OFF

GERVAIS, Sept. 1—(AP)—A single tree which produces two different crops pays one-fourth of the annual taxes on the 30-acre La Fayette mission peach orchard near here. The 65-year-old tree was originally a black walnut. Now, through 280 grafts, it bears both black and English walnuts.

New Congress Set for Task Of Remodelling

WASHINGTON, Sept. 1—(AP)—An official call went out today for the reconvening Wednesday of a congress already storing up plenty of hot oratory and trouble for the administration.

The big job, of course, will be to remodel old laws and enact new ones to help ease the country into a peacetime way of life.

Eventually congress may get around to lowering taxes, perhaps on next year's incomes, which always is a popular procedure with both the legislators and the people.

But in the more immediate picture—and here's where trouble for the administration comes in—are such items as more unemployment compensation for idle war workers, assuring opportunities for jobs, continuing the draft, giving veterans back their old jobs and determining who gets fired.

Also coming up are disposal of left-over war supplies, consolidating or abolishing some government agencies in the interests of economy and efficiency, merging the army and navy under one command.

Ceiling Prices To Allow for Increased Cost

Processor ceiling prices for the 1945 pack of canned corn, peas, tomatoes, tomato juice, spinach, asparagus, several other vegetables of minor volume and a number of minor fruits were announced by the OPA effective September 3.

The new ceilings differ from last year's in two major respects, according to word received by W. H. McCargar, district OPA food price specialist: (1) 1945 ceilings are computed on the basis of any increased costs of this year's raw fruits and vegetables, and (2) processors may add increases in basic wage rate schedules under specified conditions.

For the biggest volume vegetables (corn, peas, tomatoes and tomato juice) there will be no substantial change from last year's retail price levels. A subsidy on civilian sales of these canned foods holds them to substantially 1942 price levels.

No significant change in overall retail prices for the other canned fruits and vegetables is expected to occur, although minor increases in some ceilings will result from permitted increases at the processor level.

Bulldozer Severs Communication Lines

SAN FRANCISCO, Sept. 1—(AP)—A construction company bulldozer severed two transcontinental cables 35 miles east of Auburn in the Sierra Nevada mountains today, interrupting communications by that route for 26 minutes.

The Pacific Telephone & Telegraph company said government, army, navy and news wire service lines were out from 4:42 to 5:08 p.m. (PWT), when repairs were made.

Reconnaissance Plane Theft Left Unsolved

EUGENE, Ore., Sept. 1—(AP)—Military authorities tonight were attempting to identify the person who stole an L-5 reconnaissance plane from the airport here early today and crashed near Creswell.

Meanwhile, a 21-year-old marine, Pvt. Lloyd Kenneth Ingram, San Francisco, was in a hospital with severe burns suffered when he tried to rescue occupants of the plane. Officers, however, were unable to find the occupants.

WHAT WILL THE FIRST DAY OF SCHOOL BRING FOR YOUR CHILD?

Will he start to school with interest or will he be shy and backward due to poor vision. Have his eyes examined before he starts. Make sure poor vision will not be a handicap. Give him at least an even start with the rest of his classmates.

Truman, MacArthur, Nimitz Speak to U.S. People Upon Completion of Jap Surrender on Missouri

Compiled by the Associated Press (See story page 1)

"Our first thoughts of course—thoughts of gratefulness and deep obligation—go out to those of our loved ones who have been killed or maimed in this terrible war." President Truman told the world from a broadcasting room in the White House in Washington immediately after the signing of the surrender papers on the Missouri last night.

And there, where the Japanese warlords had once boasted they would dictate their own peace terms, Truman spoke these determined words:

"The evil done by the Japanese warlords can never be repaired or forgotten. But their power to destroy and kill has been taken from them. Their armies and what is left of their navy are now impotent.

"To all of us there comes first a sense of gratitude to Almighty God who sustained us and our allies in the dark days of grave danger, who made us grow from weakness into the strongest fighting force in history, and who now has seen us overcome the forces of tyranny that sought to destroy His civilization.

Looking Ahead

"God grant that in our pride of the hour we may not forget the hard tasks that are still before us; that we may approach these with the same courage, zeal and obedience with which we faced the trials and problems of the past four years.

"We shall not forget Pearl Harbor. The Japanese militarists will not forget the U.S. Missouri." MacArthur spoke.

And, after he had proclaimed the peace "a victory of liberty over tyranny," the scene shifted back to this bay near Japan's ruined capital where MacArthur told his countrymen:

"Today the guns are silent. A great tragedy has ended. A great victory has been won."

The supreme allied commander said he spoke for "the thousands of silent lips, forever stilled among the jungles and beaches and in the deep waters of the Pacific which marked the way."

Looking Back

"As I look back on the long, tortuous trail from those grim days on Batan and Corregidor," he continued, "when an entire world lived in fear, when democracy was on the defensive everywhere, when modern civilization trembled in the balance, I thank a merciful God that He has given us the faith, the courage and the power from which to mould victory."

Possibly thinking of the atomic bombs that hastened Japan's decision to surrender, MacArthur declared that war had become so utterly destructive that unless an equitable system of peace was devised "Armageddon will be at our door."

Unions Start Publication of St. Louis Paper

ST. LOUIS, Sept. 1—(AP)—Four unions whose members were laid off as a result of an AFL carrier strike which halted publication of the Post-Dispatch, Globe-Democrat and Star-Times, today provided St. Louis with its first daily newspaper since August 16.

The new paper, the St. Louis Daily News, appeared on the streets shortly after noon—four full-sized pages of local and wire news and display advertising. Robert Hannon, secretary of the Newspaper Guild (CIO), said the 100,000 copy press run was sold within an hour.

The Daily News will publish a Sunday edition but will not publish on Labor day, Managing Editor Tom Sherman said. Tomorrow's paper will be eight pages and will carry classified as well as display ads.

Market Hits Highest Levels In Eight Years

NEW YORK, Sept. 1—(AP)—Peace-time prosperity hopes and expectations of tax relief spurred investment demand in this week's stock market with many industrials touching highest levels of the past eight years.

The list closed on a relatively strong note Friday and the overall average for the month accomplished its best recovery since April. Particularly favored through out the five-day stretch were steels, motors, rubbers, merchandise, aircrafts, assorted rails and specialties that stand to benefit if the long-awaited consumer spending boom eventuates. Expectations of tax cuts revived with the disclosure of the sharp reduction in the federal budget resulting from a shortened war.

The Associated Press 60-stock average was up 1.7 points at 87.8 on the week and for the month showed a net advance of 2.9. The industrial composite jumped 5.6 points in August to 91, which equaled the peak of Sept. 1, 1937.

Boyington Invited to Review City's Parade

PORTLAND, Sept. 1—(AP)—A relative of Maj. Gregory Boyington, just rescued from a Japanese prison camp, today asked the Pacific air ace to act as reviewing marshal in Portland's victory parade Thursday night.

Joseph H. Boyington, chairman of the parade's military participation committee and cousin of the flyer, sent the invitation.

GUARD UNIT TO MEET OREGON CITY, Ore., Sept. 1—(AP)—First reunion of Oregon national guard company D of the 41st division will be held September 16—five years from their mustering in. Six men from the original company, composed of six officers and 120 enlisted men, died in service.

Neutral Aug. Puts Burden of Heat on Sept.

WASHINGTON, Sept. 1—(AP)—A moderate August has put a hot-weather burden on September if the nation's crops are to equal the volume of the war years.

Likewise, there will be need for several soil-soaking rains in parts of the mid-west and great plains region if grain, soybean, vegetable and other crop harvests are to reach levels required for America's domestic and foreign relief feeding job ahead.

This was the consensus of weather bureau and agriculture department crop specialists.

Particular attention is being paid the important corn crop, inasmuch as it is the raw material for the production of meats, dairy and poultry products. Corn got off to a late start in many parts of the corn belt due to a late wet spring.

92 Men From Lost Cruiser Now in Calcutta

WASHINGTON, Sept. 1—(AP)—The navy disclosed tonight that 92 officers and men on the cruiser Houston, which disappeared Feb. 28, 1942, have been liberated and are in Calcutta, India.

All of them, with the exception of two Chinese mess attendants, previously had been listed as prisoners of war.

Two additional members of the Houston's crew, an officer and an enlisted man, also have been liberated in Thailand, the navy said. There was no immediate indication where the group now in Calcutta had been held prisoners.

No explanation was forthcoming yet as to what happened to the cruiser, which disappeared after reporting that it had made contact with a force of Japanese ships.

The Houston had 322 officers and men aboard when she disappeared. The navy has listed 94 liberated survivors; 108 identified dead; 179 prisoners of war; 594 in missing status, and seven whose status is in doubt.

Northwest men listed as liberated included: S 1/c Verne Lamb, USN. Mother, Mrs. Grace Lamb, Florence, Ore.

Navy Offers Drydock Bids

PORTLAND, Ore., Sept. 1—(AP)—Installation of 10,500-ton drydock now in San Francisco has been branched to four Portland firms by the navy's bureau of ships, Representative Angell (R-Ore) said today.

Undersecretary Artemus L. Gates said the navy was prepared to bear transportation expenses, but the yards would have to pay for dredging and installation. Officials of three yards said the cost would be prohibitive. Willamette Iron and Steel company, with a suitable basin already dredged, is considering the offer.

Bonneville to Build City's Sub-Station

PORTLAND, Sept. 1—(AP)—Bonneville power administration will build a 3000-kilovolt substation providing extra service for the Hood River Electric cooperative, which today signed a 20-year BPA contract.

Initial delivery of 750 kilowatts of power is ordered through the contract, with service expected to begin Jan. 1, 1946. The cooperative, which has 356 members, plans to spend \$90,000 on distribution facilities.

Hunters to Be Held to 100 Shot-Gun Shells

WASHINGTON, Sept. 1—(AP)—Nimrod's will be limited to 100 shot-gun shells during the forthcoming hunting season.

Ration in the first year of peace will be no larger than in the last year of war.

Because of the continued shortage of lead, the war production board announced today, the same limits as last year will remain in effect.

VICTORY SHIFT PEACH WORKERS

Report for work at Monarch Foods Tuesday evening, September 4th, at 7 P. M. Victory peach shift 7 P. M. to 11 P. M.

OVER 600 MILLION TEETH IN U. S. IN NEED OF FILLING

Census of dental defects reveal shocking toll caused by neglect of teeth in nation.

Dr. Painless Parker Says:

"Statistics gathered and reported in an official survey show that 238,500,000 teeth are in need of extraction; over 800 million are in need of filling; 39,500,000 are in need of crowns and bridges as 20,900,000 are so diseased as to require the most expert dental treatment."

Replace missing teeth with New Style Transparent Dental Plates.

Teeth are needed to chew the strong vigorous foods that yield nourishment and strength. When teeth are missing you cannot chew those foods so essential to your diet. If you require restorations, select transparent plates made with the improved material all dentists recommend for faithful reproduction. Plates have permanent natural form as they have permanent natural color. They are resistant and offer greater wearing efficiency. Their time-tested balance and stability means they will not shrink or warp.

Translucent teeth for plates in the shade of your own teeth.

Science has perfected artificial teeth for dental plates that add to the live, vital appearance of dentures. Because Translucent Teeth absorb and reflect light as do fine natural teeth, they are difficult to detect. You can obtain Translucent Teeth in the size, shading, and shape of human teeth.

Clear-palate dental plates offer realistic effects.

A feature of the plates which the dental profession are making through the crystal-clear palate. It reflects the natural tissue of the mouth, adding to the natural color of the dentures.

DENTAL PLATES
and dental work of all kinds
Pay Later
with Accepted Credit.

Preventive dentistry can provide bulwark against oral infection.

It is necessary to visit a dentist at frequent intervals to have teeth examined and adequate repairs made. A small job done on your teeth right away can often save you a more extensive one later.

Make first visit without an appointment for whatever dental service you require. Pay as you are paid with.

ACCEPTED CREDIT

Dental plates, bridge-work, fillings, Inlays, Crowns and Extractions.

Pay As You Prefer For Dental Work
With Accepted Credit make your terms with reason. Budget payments in weekly or monthly amounts.
