LOSES BELONGINGS

M. A. Griffin, U. S. navy, who hitchhiked a ride from Klamath Falls with a man in a sedan with a California license, told state police here that when they stopped in Eugene to eat, the man drove off with all his clothes and personal articles. The car was believed to be headed toward Portland, said police, and the belongings should be returned to either the city police station or state police headquarters.

Authority on Deafness Here

Harold F. McDonald, Many Years As a Hearing Aid Expert WILL DEMONSTRATE NEW SCIENCE OF HEARING EXERCISES At Salem

Mr. McDonald will conduct a free clinic for the hard of hearing at 905 First Nat'l Bk. Bldg. Fri. & Sat. Sept. 21st & 22nd 9 a. m. to 5 p. m.

Now you can actually have a personal consultation on your hearing problems—actually learn from a trained specialist, without cost or obligation, how you too can enjoy pleasant, relaxed hearing once again.

A feature of this Hearing Clinic will be a demonstration of the great new science of Hearing Exercises. Just as there are exercises to strengthen the eyes, there are now exercises to help strengthen and improve the hearing through natural means.

This is but one point in the famous 8-Point Hearing System developed by Acousticon, world's oldest manufacturer of hearing aids. In answer to the government's demand for a complete hearing program. For it was discovered that a hearing aid alone could not meet each and every need of the hard of hearing. Now you have the 8-point program the government called for—in order to bring you again the wonderful world of sound as you once knew it.

This hearing system includes the new science of Hearing Exercises that help to strengthen and improve your hearing through natural means. Simply attend at the time mentioned above. Evening appointment in your home may be arranged for. (Adv.)

How to Get Your New BENDIX automatic Home Laundry

NO doubt you'll want your new BENDIX soon. Most folks do. So come in and see us quickly. Let's talk it over, and get the details done! Maybe you'd first like to see what this wash-day wonder does—how it washes, rinses, damp-dries, cleans itself and shuts itself off—all without your lifting a finger. Then it's even more urgent that you come in soon—today if you can! Because if you want your BENDIX quickly—and chances are you will—we'll both be pleased if you are one of our "first-to-be-served!"

What you do: put in clothes, set a dial, add soap.

What the BENDIX does: fills itself, tumbles clothes clean, thoroughly tumbles rinses, dries clothes ready for the line or dryer, cleans and empties itself, and shuts off—all automatically! The Bendix takes only 4 square feet of floor space—fits perfectly in kitchen, bathroom, utility room or laundry.

EXCLUSIVE TUMBLE ACTION: tumbles clothes through suds 60 times a minute, yet so gently that even fine fabrics launder beautifully.
