DETROIT, Mich., Sept. 18. -One hundred years ago the slogan 5 "54-40 or fight." Today in Detroit the CIO slogan is "52-40 or fight." The demand of the auto workers union is 52 hours pay for 40 hours work. This means a 30 per cent increase over the present wage scale, which is 25 per cent above the pre-war scale. It looks very much as though the motor companies would give the unions the "fight" alternative instead of the 52-40.

Between reconversion and labor troubles which already have forced closing down of Ford and Hudson car production, Detroit suffers a chill. Every thing was getting set for a rapid swing back into production of passenger cars. The labor uncertainties dampen the enthusiasm over these postwar

The claim of R. J. Thomas, presient of UAW-CIO is that President Roosevelt promised him the workers would suffer no reduction in this wartime pay. They were working 48 hours which at time-and-a-half for the eight hours over 40 made the equivalent of 52 hours pay. Now the companies plan to operate on a 40 hour week, hence the demand for the wage increase to maintain the war-time take home pay.

Union strategy was to concentrate on General Motors, on the old rule of "divide and conquer." However, an unauthorized strike at the Kelsey-Hayes plant which supplies wheels for Ford and others forced suspension of production (Continued on editorial page)

# U. S. Demands Nip Arrests Slated At

TOKYO, Sept. 22 - General MacArthur demanded today the unlocking of Japan's long secret financial setup, including the emperor's fortune - and the government in Washington made it clear there soon will be more big developments to render Nippon incapable of ever again waging war.

As the supreme commander of future actions called for:

1. Wholesale arrests of top Japanese who master-minded Nippon's war effort - arrests based on a new war criminal list headquarters already has disclosed is forthcoming.

2. Dissolution oof the great family monopolies.

The MacArthur order for a financial accounting by Japan

allies precise information and a tight hold over financial agencies and the methods which enabled an essentially poor coun-

try like Japan to underwrite eight years of war.

The order was just another crack from the occupational whip in an action-packed day which saw these other develop-

1. MacArthur ordered the arrest of Gen. Nobuyuke Abe, lately deposed governor of Korea and former premier who was closely aligned with the military and the conquests in China.

2. He told the Japanese naval police force, which had hoped to keep 11,269 men under arms, to demobilize before Oct. 31.

WASHINGTON, Sept. 22 -(AP) Wholesale arrest of the big shots who master minded Japan's whole war effort has been ordered by the United States gov-

The government has directed that if democratically minded Japanese start armed revolt against their overlords, General Douglas MacArthur's occupation forces are not to interfere except to protect themselves and serve other occupation aims, according to a White House release of a four-weeks-old statement of Japanese occupation policy formulated by the state, war and navy departments, approved by President Truman before the formal surrender of

The declaration reveals for the first time that the United States is supreme in directing Japanese occupation policy. On that question the declaration says this: "In the event of any differences of opinion among the allies, the policies of the United States will govern."

## Union Estimates 85% Northwest Mills to be Closed

PORTLAND, Ore., Sept. 22-(AP)-The northwest, its peacetime lumber production just getting underway. waited today for strikes which may be the most widespread in this region's lumber history.

Sixty thousand AFL lumber and sawmill workers will walk out of 494 operations in Oregon, Washington, Idaho, and Montana at 12:01 a.m. Monday, in demand of an industry-wide hourly minimum of \$1.10.

Kenneth M. Davis, executive secretary of the AFL northwestern council, said all but 15 per cent of affected operations would be completely halted Monday, and the rest would be down within a week.

Still another strike - which, if called, would mean the closure of virtually every northwest logging camp and sawmill - is in Woodworkers of America, whose members have authorized the union to call a strike if necessary to enforce wage demands, will convene here Wednesday to decide upon action.

Lumber operators, who declared the strike would bottleneck delivery of six billion board feet of lumber due to reach farm and home builders during the year's last quarter, said they would make no attempt to run the mills with non-union employes.

REFUTES STATEMENT SEATTLE, Sept. 22-(AP)-J. B.

Fitzgerald, secretary - manager of the lumbermen's industrial relations committee, said today that operators never had refused to discuss wage demands with representatives of the AFL Lumber and Sawmill Workers union as claimed by the union in a state-
