So start today—try Lydia E. Pinkham's TABLETS—one of the greatest blood-iron tonics you can buy to help build up red blood to give more strength and energy in such cases.

Taken as directed—Pinkham's Tablets are one of the very best home ways to get precious iron into the blood. They help build up the red blood cells of the blood by reinforcing the haemoglobin of red blood cells.

Just try Pinkham's Tablets for 30 days—then see if you, too, don't remarkably benefit. Follow label directions.

The War is Over BUT

- Rehabilitation of war-torn Europe will take many months. We can help provide shelter.
- Crops and livestock will not be productive in Europe to such an extent that they don't need foodstuffs from us.
- Children who have been orphaned, mothers who have been invalidated, must be sustained.
