

Peter Pan Plans Are Discussed

"Peter Pan" the charming, whimsical fantasy by Sir James Barrie, will be played at the senior high school auditorium on Wednesday, November 28 by the Clare Tree Major Children's theater of New York under the sponsorship of the American Association of University Women.

Two performances will be given, at 3 p. m. and 8 p. m. Tickets for the children will be sold in the schools of the community, with the cooperation of the school authorities, who have expressed themselves as pleased at the prospective presentation of the famous play.

Many adults will remember the famous personalities of the play, Peter Pan, which was made vivid by Maude Adams, Tinker Bell, Wendy, Capt. Hook and others.

Prices have been set low, so that a large attendance can be had at both performances. Prices have been set for the age groups, all through junior high school, high school tickets, and adults. Tickets will be available at downtown locations later.

The committee from the AAUW includes Mrs. Herbert Rahe, chairman, Miss Alice Cary Brown, co-chairman, Mrs. Lyle Rea, Mrs. Vernon Wisarson, tickets, and Mrs. John Burham, ex-officio.

New Building Planned by DAV

Disabled American veterans and auxiliary are planning a Memorial hall on Marion and Church honoring Marion county men and a campaign to raise funds is now in progress. Tuesday night, they are sponsoring a benefit dance at the Crystal Gardens. Top Hatters and Pop Edwards orchestras will furnish the music. Verne Ostrander is general chairman of the building fund. He has as chairman for the dance Jim Calloway with Earle Oglesbee, co-chairman.

Members of Salem chapter helping with this dance are Herb Stiff, Jr., Norris B. Anderson, Elmer Byer, John Bush, Thomas Boatman, Clyde Bales, Elmer Conn, Luther Cook, A. L. Brewster, O. E. Cannon, William Croghan, Richard Collette, Frank Hunt, Trevor Humphreys, James Haley, Stuart Johns, Wilbur Jory, Dr. George Lewis, Don H. Lovell, Otto Mehlhoff, Kenneth Morgall, Jack McNeil, William Noyes, C. F. Purdum, Dr. Roy Reynolds, William Richards, William Reid, Ravelle Short, John H. Thompson. It is estimated that one-half of the amount to be raised will come from small donations.

Pratum-Macleay Unit Has Meeting

PRATUM — The Pratum-Macleay Home Extension unit met at the home of the chairman, Mrs. M. F. Kephart, Tuesday. The rooms were decorated with fall fruits and flowers. There was a large attendance at this first meeting, with 26 members and four guests present.

Mrs. Harry Martin was named as the hospitality chairman, with Mrs. Jim Lauderback and Mrs. O. P. Wigle on her committee. Mrs. A. Bowen, Mrs. A. C. Hersch and Mrs. Louis Cornu are the membership committee. Wilma DeVries is in charge of publicity.

Marjorie Tye, county home demonstration agent, presented the subject, "Conserve With the Scrap Bag." She displayed many attractive gift items which can be easily and inexpensively made at home. The hostess asked Mrs. A. C. Hersch and Wilma DeVries to serve at the refreshment table.

Portland Photographer Buys Woodburn Studio, Plans to Specialize

WOODBURN — Alice Johnson, Portland, this week purchased the Woodburn studio of Mrs. Evelyn

Sowa. Miss Johnson has had four years' experience in the studios of Gladys Gilbert and Steffen-

Colmer in Portland and plans to specialize in home portraits of home and church weddings and

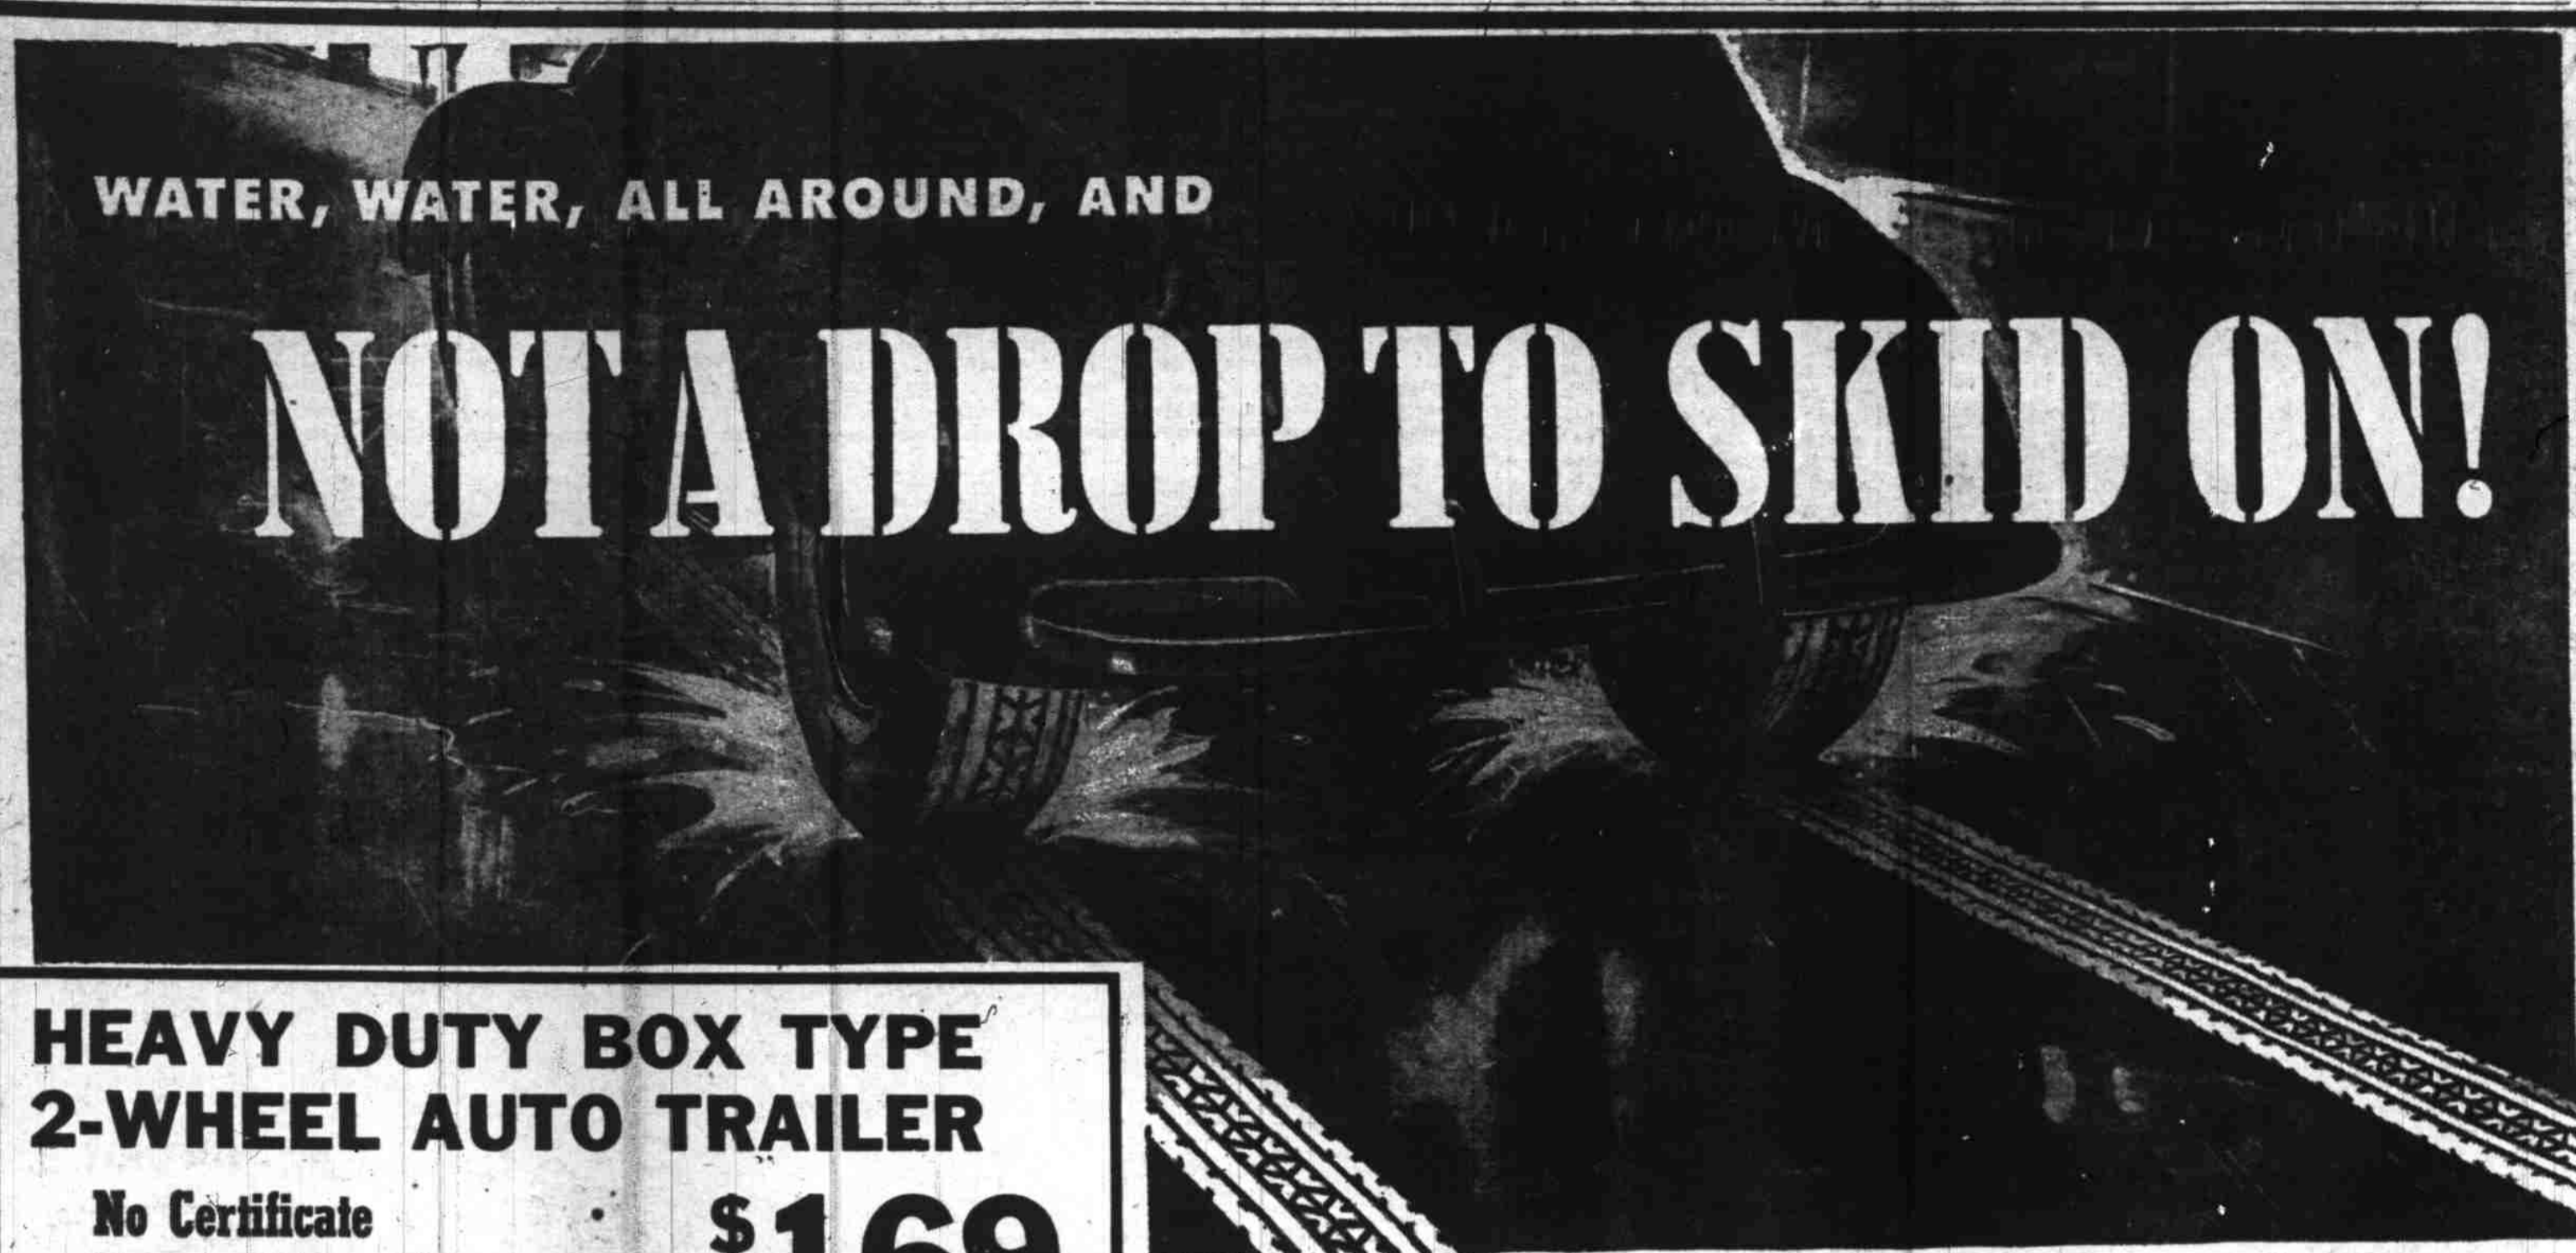

copy work. She is the daughter of Mr. and Mrs. E. F. Johnson of Sherwood.

Mrs. Johnson and Mrs. George James, who assisted Mrs. Sowa, will work with Miss Johnson.

SILVERTON — W. R. Cookingham was fined \$25 by Police Judge John T. Hobbitt Friday on a drunk

and disorderly charge. Cookingham spent Thursday night in the municipal jail.

Riverside's six-rib tread actually squeezes the water out from under its path... forcing it into the grooves of the tread, out of contact with the road-surface! That is why Riversides stop faster. You see, it's the wet of the pavement that causes the skids. Eliminate the water, and your car stops. Riversides do just that; for a quicker, safer stop!

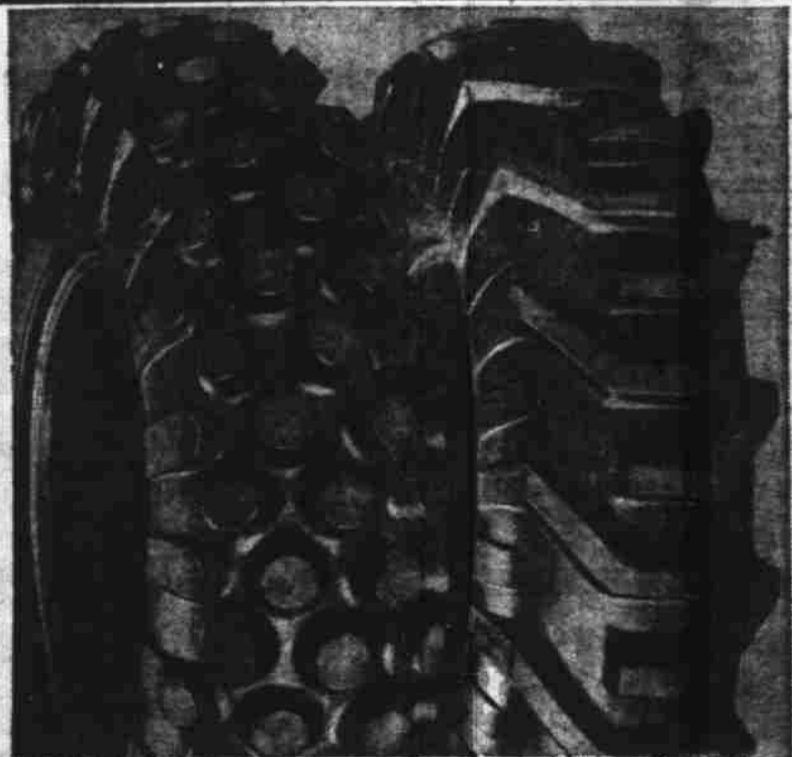

Every ply is 12% stronger than that of our pre-war tires! Stronger because Riversides' cords are stronger to begin with... chemically strengthened to stay strong... then liquid-dipped to "weld" them together... next, cushioned in rubber! Finally, the plies are cemented before vulcanizing, to provide greater blow-out protection!
