

Eagles Auxiliary Holds Initiation

At the meeting on Tuesday of the Eagles auxiliary, nine candidates were initiated. Those taking obligations were Wilma Moore, LaVelle Smith, Bessie Picht, Eleanor Bayes, Marie Hyatt, Roberta Connell, Lillian Shaff, Lucy McGinnis, and Lora Rand of Aumsville.

Initiation was in charge of the officers and drill team of the Newberg auxiliary. Corsages were presented to the visitors. A twin shower was held in honor of Mrs. Dorothy Dotson, an auxiliary member.

A dance was held on Saturday night in favor of the auxiliary drill team. Proceeds being given toward new uniforms for the team.

November 8 to 11 will be state convention time at Eugene. Willamette auxiliary drill team will put on initiation ceremonies for the Eugene auxiliary on the 11, at 2 p. m.

Willamette auxiliary will hold its 18th birthday party on November 13 at 8 p. m. Refreshments will follow the close of the meeting.

On November 20 the annual Thanksgiving dinner will be held in the auxiliary hall from 6 to 8 o'clock.

Dallas Man Will Wed in East

NEW YORK—Miss Lorene Elsie Lindstrom, an engineer of 293 Park street, Montclair, N. J., and Mr. Stanley Evert Varner, also an engineer, formerly of Dallas, now at 123 Warren street, Patterson, N. J., will be married November 3 in the Little Church Around the Corner in this city.

The bride-elect was born in Highland Park, Ill., the daughter of Mr. and Mrs. Fred O. Lindstrom. Mr. Varner, the son of Mr. and Mrs. Irvin Varner, is a native of Dallas.

FALLS CITY—A bridal shower was held for Hilda Ross at the Methodist church Saturday. Mrs. David Boozer, Shirley Mack and Elizabeth Katherine acted as hostesses. There were 20 invited guests. Luncheon was served and the afternoon was spent in playing games.

Today's Menu

Fork chops will be the day's piece de resistance, and will go along with a vegetable salad and a fruity dessert.

Mixed vegetable salad
Pork chop casserole
Buttered asparagus
Baked apples

PORK CHOP CASSEROLE
1/2 lb. loin end pork chops
1 tablespoon lard
2 teaspoons salt
1/2 teaspoon pepper
4 cups cooked broad noodles
1 can tomato soup
1/2 cup water
2 tablespoons grated onion

Brown chops to a golden brown in hot lard. Season with half the salt and pepper. Place noodles in a casserole. Dilute tomato soup with water and pour over noodles. Add remaining seasoning and place pork chops on top of noodles. Cover. Cook in moderate oven one and a half hours.

Miss Betty Osborn, above, daughter of Mr. and Mrs. L. L. Osborn, whose engagement to Mr. Waldo Gilbert, son of Mr. and Mrs. Ralph Gilbert, all of Salem, has been announced. The wedding will be an event of November. The bride-elect is a graduate of Salem high school and until recently was employed at the state industrial accident commission. Her fiancé is also a Salem high school graduate. He was recently discharged from the army. He served with the 41st division overseas. (Cronise photo).

Reatha Thiessen Is Married

Announcement is being made of the marriage of Mrs. Reatha H. Thiessen, daughter of Mr. and Mrs. A. A. Hager, to Mr. Alvin D. Edlin of San Francisco, United States army. The ceremony took place at the First Presbyterian church on October 27 at 3 o'clock with the Rev. Chester W. Hamblin officiating.

For her wedding the bride wore a black tulle and hand embroidered blouse bought by the groom in Switzerland. Her accessories were black and she wore a corsage of gardenias. Attending the couple were Mr. and Mrs. Verne Robb and Mr. and Mrs. Ben Maxwell.

A wedding dinner for members of the bridal party followed the ceremony. Later the newlyweds left for a honeymoon to Hollywood and other California points. They will make their home in San Francisco.

The bridegroom recently returned from the European theatre of operations. STAYTON—One of the larger events of the Eastern Star year was Friday when 28 girls, accompanied by Mrs. Wayne Henry, mother advisor, of the Chadwick assembly of Rainbow Girls, Salem, came to Stayton to exemplify their initiation. Candidates were Naomi Morgan of Stayton and Johanna Henry of Salem. Acacia chapter of the Eastern

Star presented each visiting girl with a corsage and a sachel. The lodge hall was decorated with large baskets of fall flowers and foliage. Following the work, a short program was enjoyed consisting of a song by Mrs. Kathryn Weddle and a reading by Miss Addy Lane, a visitor. Refreshments were served in the dining room which had for decoration fall fruits and foliage with black and orange candles. About 125 were present including visitors from adjoining chapters.

'Week' Serves to Stimulate Interest In What Our Chances Are for Fire

By Maxine Buren
Ordinarily we don't take much stock in all these weeks and get mighty tired of "Be Kind to Your Spine Week" and national "Eat More Peanuts Week" and others, but Fire Prevention week, we think, serves a real purpose.

Unlike many of the weeks, which serve to promote the interests of the sponsoring groups, Fire Prevention week serves just about anyone who has anything to burn. Perhaps it may help out the fire insurance companies a little, but who wants to collect on fire insurance.

As so often happens, material on Fire Prevention week arrived late, but as fires don't only occur during the week specified for their study, we see no reason why the material isn't just as good today as a month ago.

Dwellings are by far the most susceptible to fire, for there are almost ten times as many fires in homes as in any other type of building. Greatest cause for fires is smoking and matches, then comes overheated chimneys and next misuse of electric equipment. Most of the deaths caused by fire (chief of which is careless smoking) are between the ages of 15 and 69.

Interesting facts are that there are 1000 home fires every day and once every 50 minutes a person is burned to death in the United States.

If Fire Prevention week did nothing but to make a few conscious of what makes fires, and

what they can do about it—the thing would have been worth while.

Here in our office, for instance, we heard a good dozen or more times the question, "where IS our fire extinguisher, anyway?" We found it behind the door, in a very convenient place but one which isn't usually seen. All those dozen or more inquiries denoted interest, and each person who asked now knows where the extinguisher is.

Fire Prevention week should have stimulated the purchase of extinguishers for the home, especially where there's an open fire—or children who often find fascination in handling fire.

The average housekeeper no longer puts kerosene in her kitchen stove to help start the fire, and the modern electrician usually wires the home so fire is a very remote danger, but women do sometimes use cleaning fluid near an open flame, or stop during their cleaning activities to stoke the furnace, while their clothes still hold the fumes from the fluid.

Men and women too, continue to smoke in bed, children of this generation as all the others, find fascination in matches. Householders neglect to clean up papers and rubbish and seem never to get around to having the chimney cleaned out.

And another thing—learn how to call the fire department, look it up—and put the number down where everyone can find it.

FALLS CITY—Hilda Ross, daughter of Mr. and Mrs. A. G. Ross and Mr. Paul Cox were married Sunday at the home of the bride's parents. Rev. Dale Harter read the service and the wedding march was played by Mrs. T. A. Glover.

The bride was given away by her father, A. G. Ross. She wore a blue colored wool suit and hat to match and a corsage of rosebuds and gardenias. Her sister, Mrs. William Snow of Portland was her only attendant. Harold Ross, brother of the bride, acted as best man. The room was beautifully decorated with an archway with wedding bells and fall flowers.

A reception was held. Mrs. Lot Gardner and Mrs. William Snow served.

The bride and groom left for California on their honeymoon. On their return they will make their home in Independence.

TURNER—A no-host dinner and program was held by Ideal Rebekah lodge Friday in honor of the state president, Mrs. Ethel Bailey, Roseburg, and as a homecoming.

The program was presented by Mrs. M. Townsend. Mr. and Mrs. Dick Bouchie entertained with banjo-accordion numbers; Arlene and Marjorie Bouchie, accompanied by their mother, sang; Alice Titus, accompanied by Mrs. Roy Hatfield, presented two soprano solos; and J. Bailey gave two humorous readings.

WOODBURN—FEO Sisterhood honored husbands and sons at the annual B.L.L. dinner October 25 at the home of Mr. and Mrs. Charles Cornwell. The dinner was a no-host affair. Present were Mr. and Mrs. E. J. Al-

len, Mr. and Mrs. J. Melvin Ringo, Mr. and Mrs. Ivan Beers, Mr. and Mrs. H. F. Butterfield, Mr. and Mrs. Clair Nibler, Mr. and Mrs. Ken McGrath, Mr. and Mrs. O. L. Withers, Mr. and Mrs. Jess Fiken, Mr. and Mrs. George Landon, Mr. and Mrs. Fred Odgers, Mrs. L. S. Mochel, Mrs. John Muir, Mrs. Florence Goulet, Mrs. E. M. Hall, Frank Settemier, Mrs. Paul Mills, Marcie Love, Mrs. W. D. Simmons.

SILVERTON—Lt. and Mrs. Norval Eastin (Jane Irish) returned to Silvertown Monday and will remain here as guests of her mother, Mrs. H. R. Irish until Lieutenant Eastin reports to Santa Ana, Calif., November 26.

Mrs. Eastin has her discharge from the WACs and Lieutenant Eastin will receive his when he reports in November.

The two were married at Silvertown ten days ago. Following Lieutenant Eastin's discharge they will drive from Santa Ana to Truman, Minn. where they will make their home.

SPRING VALLEY—Mrs. F. J. Merrick will be hostess to members of the Spring Valley home missionary society Thursday at 2 p. m. A Thanksgiving program will be given and women will respond to roll call with remarks concerning thanks.

New serving a special 50¢ lunch SAVING CENTER FOUNTAIN LUNCH West Salem Open 8 a. m. to 9 p. m. Every Day

WOODBURN—New officers presided at the first meeting since election of officers for Evergreen Assembly, Order of the Rainbow Girls, Wednesday, October 24. Juanita Sebern, worthy advisor, presided.

A degree was given for Howard Sayre and a gift was presented to him in appreciation for his interest in the organization. Mr. and Mrs. Fred Evenden served refreshments.

The next meeting will be November 14 when initiation will be held.

OAK POINT—Mr. and Mrs. Edward Hamsberger celebrated their twenty-fifth wedding anniversary when a large crowd of neighbors and friends gathered at their home Saturday. Grove Peterson officiated at a mock wedding ceremony.

Mrs. Ellis Lauderback acted as the bride and Ronald Rogers as the bridegroom. Mrs. B. A. Alderson sang and Clara Brown sang one number.

Of the presidents of 75 colleges in operation before 1840, 36 were graduates of Yale and 22 of Princeton.

Good News from General Electric

DESPITE the sudden stopping of war work, employment at General Electric has declined less than 10 per cent overall. Rehiring is already under way, and it is expected that more people will be employed within six to eight months than were employed during the biggest prewar years.

What G-E people are making is shown, in part, by the list below. This list of things you and your family have wanted for many months shows the progress General Electric has made in swinging back to its regular job of making "More Goods for More People at Less Cost." General Electric Company, Schenectady, New York.

Alarm Clocks. In January, 1944, WPB okayed making some electric alarm clocks. Within seven weeks, G. E. was in production.

Turbines. Full schedule peacetime production of steam turbines, source of two-thirds of the nation's electric power and the driving power for most of our fighting and merchant fleets, is expected to be reached by December.

Irons. In June, 1944, came authorization to make electric irons. In three months, G.E. was shipping irons. Today's rate is higher than 1941.

Motors. Ten million were built for war—many of special types and sizes. Now G-E lines are being quickly converted to production of standard types for washing machines, refrigerators, etc.

Refrigerators. After getting green light from WPB in June, 1945, G.E. was in production in eight weeks.

Transformers. Upwards of 70 small transformers were required for a single B-29 Superfortress. Now G-E facilities are turning them out again to help make electricity more available.

Washers. Ten weeks from WPB go-ahead, G-E washer line started rolling in Bridgeport on August 24, 1945. Already they're being turned out at 47 per cent of G.E.'s prewar rate.

Street Lights and Flood Lights. Facilities that turned out mobile anti-aircraft searchlights for the Army, and thousands of signaling searchlights for the Navy, are now producing flood lights for sports and industry, and street lights to reduce the nation's night traffic toll.

Radios. G-E radios will be back on the market for Christmas. Table models will be in dealers' stores in November. By Christmas, 12 models should be in stores, including AC-DC battery portables, radio phonograph consoles. Television and FM will go into production after the first of the year.

Home Construction Materials. Wire, cable, fluorescent lampholders, etc., formerly for Army and Navy use, are now in production for your new home.

Ranges. Manufacture began on the first G-E electric ranges September 9, 1945. Three days later the first shipment was made.

Plastics Production. The plastic facilities of General Electric, largest manufacturer of finished plastic products in the country, have been turned to molding camera, clock and refrigerator parts, toaster and coffee-maker handles, castor wheels and wiring devices, radio cabinets, fluorescent bases, cosmetic jars and covers, industrial and decorative laminated materials, lighting reflectors and shades.

Water Coolers. Production at G.E. will equal prewar rate in November.

Automatic Heating. G.E. in January will have oil-fired boilers, conversion oil burners, gas-fired boilers, gas-fired warm air conditioners, all coming off the lines where radar, gunfire and aviation equipment was produced.

Farm Freezers. Will be ready in 1947.

Air Conditioners. One model of room air conditioner will be ready in limited numbers for your next summer's needs. First "store cooler" was shipped the day after V-J Day. More daily.

Radar. The G-E Electronic Navigator, to make ship navigation safer in fog and dark, and to speed shipping schedules, has been tested by many months of actual operation and will soon be available.

Exposure Meters. The new G-E exposure meter for amateur and professional photographers is in production. Present rate is several thousand a week.

Lamps. During the war, the Lamp Department did the double task of supplying both military and civilian needs. Now available once more, but in limited quantities, are such war-discontinued types as: 60- and 75-watt inside frost lamps, 50-100-150-watt medium base lamps; flame-shaped lamps, round decorative lamps, fluorescent lamps, lumiline lamps. Christmas tree lights are in production but will be quite limited this holiday season.

GENERAL ELECTRIC
