

# Hysterical Filipino Girl Tells Of Nip Acts at Yamashita Trial

By Dean Schedler

MANILA, Saturday, Nov. 3—(AP)—A 17-year-old Filipino girl witness at the war crimes trial of Lt. Gen. Tomoyuki Yamashita shattered the quiet of the session today with screaming accusations at the Japanese army commander.

"You ought to be hanged and cut up in little pieces," Julieta Milanes shouted at Yamashita, after reciting how Japanese soldiers entered her home last February 10 and bore her father and brother to their death.

"You are laughing at me," the girl screamed, pointing at the Japanese. "You should be shot. Don't you sit and laugh at me any more."

Guards were called to escort the weeping, hysterical girl from the room in which the United States army commission is hearing testimony on Japanese brutalities during the fighting in Manila.

# Youth Protests America First Leader's Talk

LOS ANGELES, Nov. 2—(AP)—Detention of 55 high school students today broke up a second student demonstration in two days against use by Gov. Earl W. Smith, America First leader, of a school auditorium for a speech tomorrow night.

The students were detained while resisting efforts of 75 policemen to disperse 1000 youths milling before the city board of education officers. Some fought with the officers.

The 55 were taken to juvenile detention station, where most of them were released. Thirteen were recalcitrant in questioning, police said, and were held until their parents came after them. No charges were filed.

# Portland Asks For Enterprise

PORTLAND, Nov. 2—(AP)—Commissioner Fred L. Peterson today asked Secretary of the Navy Forrestal to berth the aircraft carrier Enterprise here.

Peterson pointed out that the battleship Oregon, former shrine here, now is berthed at a south Pacific Island where the navy towed her for war purposes. Stripped to the hull, the vessel would be costly to re-outfit, he said.

He declared the traditions of the Enterprise should make her a fitting replacement for the Oregon.

# Auto Dealers Deny Seeking More Profits

WASHINGTON, Nov. 2—(AP)—The nation's auto dealers today denied that they have demanded any profit increase from OPA on new cars.

Price Administrator Chester Bowles yesterday said dealers are in a position to absorb at least part of any increase in prices which OPA might allow auto manufacturers — over pre-war prices.

He said the dealers are seeking the full margin of profit on a new car instead of being satisfied to take—as they did before the war—a loss on that margin through used-car trade-ins.

The National Automobile Dealers association issued this statement in answer to Bowles remarks:

"Administrator Bowles of OPA has been quoted as charging that retail automobile dealers of the nation are demanding on new cars twice the profit margin they received on cars in 1939.

"The association, speaking for the 30,000 dealers of the country, emphatically deny this statement. At no time in their price discussions with OPA during the last two years have they demanded any increase in profit.

"All they have asked is that their established trade discount not be disturbed until OPA could prove by indisputable facts and figures that dealers can and should absorb increased new car production costs in whole or in part."

# Sam Garland Seriously Ill

LEBANON, Nov. 2—(AP)—Sam Garland, 84, is in a critical condition at the Lebanon General hospital as the result of a fall he suffered at his home here.

His son, Powell Garland, employed in the solicitor general's office in Washington, D. C., arrived today, called by his father's critical condition. Three daughters, Mrs. Louis Parker of Eugene, Mrs. D. E. Crowell of Coos Bay and Mrs. W. D. Lamport of Portland, are also here.

Garland is a former state senator from Linn county and is well known in legal circles of the state.

# China Plans New 'Flying Tiger' Unit

MIAMI, Fla., Nov. 2—(AP)—Maj. Gen. Claire L. Chennault expressed increasing interest tonight in a reported Chinese government proposal to set up a new air force modeled after the Louisiana airman's famed "Flying Tiger" organization.

He hasn't been approached officially or unofficially, he stated, but added in an interview with the Miami Herald:

"If I can be useful in China to maintain cordial relations between the United States and China, and assist China to maintain peace, I would be very much interested."

# Kidnapping Feared in Case Of Missing Boy

DOWNTOWN, Calif., Nov. 2—(AP)—Members of the wealthy family of three-year-old Dickie Tum Suden, missing since Thursday from his mountain home, tonight openly expressed fears that the child had been kidnaped.

The federal bureau investigation, which had previously announced that they were not investigating, tonight answered inquiries with a terse "no comment."

The search for the child continued tonight through the wild mountain country by sheriffs deputies, civilians and more than 200 soldiers. The boy disappeared Thursday morning while playing in the yard of his parents home, four miles south of here.

Outspoken fears that the child had been kidnaped were voiced by both maternal and paternal grandparents.

A. L. Merritt, sr., Berkeley, said "I am afraid of kidnaping, some screwball, maybe. I also fear that if he was kidnaped that harm may have come to him."

Mrs. Richard Tum Suden, maternal grandmother, lent further weight to the kidnaping theory, recalling a warning of kidnaping against another grandson, Anthony Crane, now 6, in 1941. The warning was given by a man whom she identified as an FBI agent.

The boy's father, Joseph Tum Suden, operates the Brush Creek gold mine at Goodyear park, owned by Merritt, sr.

Late yesterday the lad's dog, a constant companion, came home. One of the little boy's mittens was found a quarter of a mile from the house on a steep hillside. Searchers said they hardly believe that the child would have climbed to the ledge.

Dickie's paternal grandfather is Richard Tum Suden, widely known San Francisco attorney, who lives in Redwood City.

# St. Paul Team Tops Jayvees

ST. PAUL—(Special)—Lou Urtammer's St. Paul high gridgers, champions of the Marion county "B" league, proved too tough for the Salem high Jayvees here Friday night and beat Doug Olds' eleven, 19 to 0. Diminutive Lindy Phillips paced the victors' attack, counting the first touchdown within the first three minutes after the Saints had recovered a blocked Salem punt on the 10 yard line. Smith and Coleman added the final pair of scores, one late in the first period and the other right at the end of the third stanza, after marches of 50 and 40 yards, respectively. Phillips drop-kicked the conversion on the final tally.

the regular army, as compared with the present figure of 15,000, was introduced today by Senator Johnson (D, Colo.) at the request of the war department.

The increase would be made up by appointment of officers, in grades up through major, who have been in active service during the war as members of the army of the United States, as contrasted with the regular army.

# Youth Bandit Gang Broken

NORTHAMPTON, Mass., Nov. 2—(AP)—Police said today they had broken up a band of high school students whose "sworn duty" was to start "a new era of vandalism" and "to try to overcome" the police.

Sgt. John J. O'Donnell reported that about 90 boys had organized the "syndicate" and that the leader was known as "The Bat."

The gang, he said, had planned to begin its hoodlum tactics on Halloween but some of the leaders "lost their nerve." Marked for "a going over," O'Donnell said, were a church in nearby Florence and the high school band.

Records giving the names of most of the gang have been seized. Besides "The Bat," other officers were: "The Claw" (vice president); "The Claw" (secretary); and "The Torturer" (treasurer).

# Japanese on Way to Hawaii

SEATTLE, Nov. 2—(AP)—Raphael Bonham, district immigration chief, said today nearly 400 Japanese who were removed from Hawaii early in the war had reached Seattle, bound for their homes in the islands.

"Many were elderly and very many had sons in the United States army," said Bonham, adding the transients would ship out for home next week.

The majority, he said, came from a camp at Santa Fe, N. M., accompanied by 17 immigration officers and a nurse and doctor.

# State Prison Guard Dies In Downtown Salem

J. L. Van Dusen, 52, guard at the penitentiary here for the past year, died unexpectedly in the 100 block, South Commercial st., Friday from a heart attack.

Van Dusen was employed for many years with the Portland police department and the National Auto Theft bureau. He has no immediate survivors, officers said.

# Belief Grows Hess' Loss of Memory Real

NUERNBERG, Germany, Nov. 2—(AP)—Among interrogators of the 22 top-ranking Nazis awaiting trial here, the consensus is that Rudolf Hess, once the No. 3 Nazi, is not faking his mental illness, and there are indications that he might escape trial with his one-time colleagues.

One doctor still believes the former deputy Fuehrer is only pretending to be an amnesia victim. He is Lt. Col. Rene H. Juchli of Amsterdam, N.Y.

But the arrival of a Russian psychiatrist today to examine Hess, and a proposal that a board, including at least one German psychiatrist, be created to pass on his mental condition are among numerous indications that Hess might be withdrawn as a defendant at this time.

# Steelhead Derby

ASTORIA, Nov. 2—(AP)—A steelhead derby will be held here in December under sponsorship of the Clatsop County Rod and Gun club, it was announced today. Tentative opening date will be Dec. 15. Prizes will be offered for the best catches.

# Pup 'Snafued' On Trip to U. S.

LOUISVILLE, Ky., Nov. 2—(AP)—Snafu, wire-haired terrier puppy, finally reached his three-year-old mistress, Judy Thompson, today after a long and tiresome trip from Munich, Germany.

Staff Sgt. Karl Rudolph started from Munich with Snafu as a present to his niece, Judy. He stuffed Snafu in a battle jacket when boarding the boat home and landed him safely in the United States. But the black and white puppy got lost in Trenton, N.J.

A friendly baggage master at Trenton, noting the identification and address tag on the dog's neck, later expressed the pup to Louisville. But shortly after Snafu's arrival here he ran away. Today's developments left Snafu and Judy very happy. Sgt. Rudolph bought Snafu from a doctor in Munich for a carton of cigarettes.

# Senate Adds to 'Sacred' List

WASHINGTON, Nov. 2—(AP)—The senate added a fourteenth agency today to the list of government boards, commissions and bureaus marked unchangeable in its version of legislation authorizing the president to reorganize the executive branch.

By a roll call vote of 36 to 18, the chamber approved an amendment by Senator Overton (D, La) exempting civil functions of the army engineers corps from reorganization.

Overton argued that the judiciary committee in reporting the bill had classified 13 agencies as "sacred cows." He added that to leave the army engineers out of the same classification was to "invite" the president to give such jobs as river control and harbor work to some other government branch.

# A-bomb Outlaw Plan Proposed

WASHINGTON, Nov. 2—(AP)—Senator Taft (R, Ohio) suggested today that use of the atomic bomb might be successfully outlawed by giving the United Nations peace organization police power to see that no nation makes one.

He said this might include provisions for inspections in all countries and an understanding that United Nations forces will "move in" if evidence of preparations to use atomic energy militarily is found.

The Ohioan advanced this idea during another round of impromptu senate debate on the atomic bomb and the future. Senator Hatch (D, NM) touched off the discussion with a caution against reliance on a "paper" agreement to outlaw the bomb.

Nathaniel Hawthorne, while attending Bowdoin, was fined \$50 for playing cards for money.
