Christmas Buyer Now a Gambler: Stocks Now Ample, but Quality Low

Today I went Christmas shopping. First I stopped off at the art department of the jewelry store and viewed a neat little set of candelabras and clock of Royal Meissen. "There are lots of possibilities to that set," the manager told us. One can divide it up, using the clock stand to hold floating flowers.

The candelabras would be beautiful on mantel or sideboard. Yes, it's a mighty pretty set, selling it.
