More Red Cross Workers Needed

A new call is out for workers in the production department of the Marion county chapter of the American Red Cross, quotas of sewing and knitting will not be completed unless more interested women show up to help, reports Miss Elizabeth Putnam, production chairman.

Requests are in for many articles for the servicemen still in hospitals, for knitted supplies to go to men still in service, and

for large supplies of relief garments that are to be sent to the Philippines and other sections devastated by war.

These garments made for relief in countries ravaged by war are not obtainable from any other source than the Red Cross, the Red Cross office announces. Conditions are so bad that it will be months before supplies can

be obtained for the people of those countries to help in aiding themselves, therefore, the Red Cross supplies are filling a real need, and were it not for the Red Cross these people could not get the needed clothing, it is stated.
