# Christmas Seal Drive 2-3 Won,

Approximately \$12,000 worth of Christmas seal money has been received, around two-thirds of the objective, according to the office of the Marion county health association. Although this seems an excellent return, only half of the persons contacted by mail have acknowledged the appeal for funds, the sale secretary said.

Each year seals are sent out through the mails, with a blue envelope for either return of unwanted stamps, or money to pay for them. The department appeals again to those who have not yet returned their blue envelopes, to do so, even if a purchase of the full amount of seals enclosed is not returned. The blue envelopes assist in keeping records.
