

Life Size Replica of Crib Scene Set Up By Mt. Angel Resident

MT. ANGEL, Dec. 24.—(Special)—Residents in the downtown section of town, saw the Christmas scene on the spacious lawn of the Unger Funeral home blaze into full glory Friday.

Several giant fir trees erected as a background for the life size replica of the crib scene, so cleverly lighted as to make it clearly discernible from a distance of several blocks. Many bright lights gleamed like miniature stars through the branches of the trees and a bright star of electric lights shown above the scene like the Star of Bethlehem.

The entire arrangement was made and financed by Ed Unger and his sons.

The beauty of the scene will be enhanced during Christmas week by the playing of Christmas music and songs. This will be made possible by Unger's private recording system.

. . . A MERRY CHRISTMAS

The untroubled hush of snow-laden, starlit streets: the free abandon of song and laughter in warm, guest filled households: the love in our hearts for one and all—these make for the very spirit of peace and good will.
