Here's What You Can Do About The SOAP SHORTAGE!

In my hand, I'm holding the trick that'll help keep the soap shortage from getting worse. This country just doesn't have enough industrial fats to make all the soaps, soap powders, soap flakes, and other peacetime goods we need. You and I must do the job that will prevent soap supplies from getting even lower. By saving every drop of used fats . . . by turning them in promptly . . . we can help bring more soap back to dealers' shelves sooner.

FIRST STEP

MOM, WE'RE SAVING MORE USED FAT THAN EVER NOW THAT WE HAVE ROASTS...

I COULDN'T BEAR TO THROW IT AWAY KNOWING THAT EVERY POUND I TURN IN HELPS MAKE MORE SOAP.

SECOND STEP

TWO MORE POUNDS THIS WEEK, MR. BROWN!

THAT WILL MAKE ABOUT FOUR POUNDS OF THE SOAPS SO HARD TO GET NOWADAYS. KEEP IT COMING!

Where there's fat—there's soap
Keep Turning In Used Fats To Help Make More Soap
