Lichfield Trial Recessed by High Authority

By Barton Pattie

LONDON, April 12 (AP)—The U. S. army court martial of Staff Sgt. James E. Jones, Lichfield detention camp guard, was abruptly recessed today at the request of an unnamed "high authority" after witnesses testified that certain camp officers knew of and sometimes joined in clubbing prisoners.

Maj. Leland Smith, trial judge advocate, announced at the afternoon session that he had just received the request for recess, but he declined further comment. Court Martial President Col. Buhl Moore, Savannah, Ga., then ordered the recess until Tuesday over vigorous objections from counsel for Jones.

Earlier the defense had challenged Moore to show that he had not displayed "bias" in suddenly ordering the court closed during cross-examination of a witness by the defense. The court ruled no bias was shown.

Counsel for the Muskogee, Okla. defendant, charged with assault on Lichfield prisoners, had sought unsuccessfully at the opening of the hearing to get a change of venue, contending that "prejudice" existed in connection with the case.

"The officers made no effort to stop the beatings and sometimes participated in them," said Petras.

AUTOMOBILE RECOVERED

The automobile stolen from Harry Hanscom, Jefferson, Monday night was recovered, abandoned, early Friday 12 miles east of Foster on the South Santiam highway by state police. It was considered likely that the car had been taken by the two state prison convicts who escaped that night and fled to eastern Oregon where they were captured Friday near Bend.

Franklin D. Roosevelt Lauded On First Anniversary of Death

By the Associated Press

The memory of Franklin D. Roosevelt was freshened by tributes in many lands yesterday—the first anniversary of the war leader's passing.

In Washington and foreign capitals, words of praise and respect were spoken, while President Truman journeyed to the graveside of Mr. Roosevelt at Hyde Park, N. Y., to take part in exercises dedicating his home as a national shrine.

Speaker Rayburn (D-Tex.) said Mr. Roosevelt in his day was "the foremost man of all on the earth," in a speech concluding an hour of eulogy in the house. A similar session of tribute was held in the senate with Majority Leader Barkley (D-Ky.) the chief speaker. A republican, Rep. Ramey of Ohio, told the house: "Franklin D. Roosevelt loved his enemies; therefore he has lost them."

Prime Minister Attlee of Great Britain in a telegram to

President Truman, called Mr. Roosevelt "a great man whose wise and purposeful leadership contributed so much to the victory of the united nations."

In Russia, the official soviet organ Pravda published an editorial entitled "In Memory of the Great President," Mr. Roosevelt.

In Madrid the Spanish language newspaper Arriba editorially praised Mr. Roosevelt's part in the latest world war and printed his picture on the first page.

A special congressional session was arranged in Mexico City for eulogistic speeches and to hear a message from President Truman read by Raymond H. Geist, U. S. charge d'affaires.

Chairman Vincent Auriol of France's constituent assembly said that "with peace building painfully," Mr. Roosevelt's loss today "seems even greater to us." The assembly observed a minute of silent tribute.

Utilizing a desk at the U.S. employment service office on Ferry street, Weddle has interviewed and placed many veterans and civilians. He states that there are still many more openings for both single and married men.

Big 3 Reported At Odds Over Peace Treaties

By John M. Hightower

WASHINGTON, April 12 (AP)—The United States, Britain and Russia are still so far apart on the European peace settlements, it was strongly indicated tonight, that the Paris conference proposed for May 1 seems almost certain to be postponed.

There is a slight possibility that it may never be held. In that case the allied nations separately might make peace treaties with the former enemy countries.

At the same time there is some indication that Secretary of State Byrnes will be willing, toward the end of the forthcoming foreign ministers' meeting in Paris, to discuss with France its proposals for internationalization of the Ruhr and the Rhineland. The French government is understood to have been informed of such a willingness.

The April 25 meeting of Byrnes and Foreign Ministers Molotov, Bevin and Bidault, was called recently at Byrnes' suggestion in the hope that it would be possible to break the deadlocks which have prevented any substantial progress toward peace agreements by their deputies now meeting in London.

Armed Robber Drives Off With Money, Cab

Louis A. Knapke, proprietor of Valley Cab company, was held up last night by an armed robber who took \$35 of his money, tied Knapke hand and foot and raced off in his taxicab.

The robbery took place about 10 p.m. on Marion road two miles southwest of Turner. Left in a ditch alongside the road, Knapke managed to loosen his bonds enough to get at a pocket knife and free himself within a few minutes.

Knapke told investigating state police that he had picked up the man at 9:30 p.m. at State and High streets as a cab fare to Turner. While on the Marion road, the man pointed a gun at Knapke, demanding him to stop, and then extracted the money from his purse. Knapke said also that the robber returned his watch and lighter, after carefully removing fingerprints, when told they were gifts to Knapke.

Knapke was able to give a good description of the man, police said. The cab bore license number B-834.

Apprenticeship Plan Completed

Plans calling for a veterans' apprenticeship for the Western Paper Converting Co., Salem branch, were completed at a meeting in the paper company's local offices Thursday.

The conference was called by Lloyd Riches, general manager of the plant, and was attended by local veterans' group representatives. Elmer Halstead, secretary of the local apprenticeship council, outlined the procedure and laws pertaining to apprenticeships.

John Sherman, member of the executive council of paper mill workers' union, and Oren Parker, local representative of the union, assisted in the formation of the apprentice program. Robey Ratcliffe, veterans' employment representative of the U. S. employment office, outlined the employment and experience benefits of the program for returned veterans and employers.

TWA Pilots to Strike Soon for \$16,000 Yearly

By the Associated Press

One of the nation's major airlines was threatened yesterday with a strike of pilots over wage demands which an air line pilots association spokesman said would increase the present maximum annual pay from \$13,200 to \$16,000.

David L. Behnke, ALPA president, said the walkout of 1300 Transcontinental and Western Air company pilots would be called "one day during the week of April 21" unless President Truman intervened under provisions of the railway labor act.

Only TWA pilots are involved in the present dispute, but the wage disagreement may eventually involve 12 other airlines using or intending to use four-engine planes. It would be the AFL pilots association's first major work stoppage.

Behnke said the strike would ground all TWA aircraft, domestic and international. The company has 100 planes to serve its 28,000 miles of route.

Prosecution Rests Case in Jucutan Trial

District Attorney Miller Hayden rested his case Friday afternoon in the trial of Bernardo Borja Jucutan, Filipino, charged with second degree murder of Marcellino Ducusin on New Year's at Lake Labish, and Circuit Judge E. M. Page excused the jury until Monday morning at 9:30.

The district attorney asked for a conviction on the second degree charge. Defense Attorney Charles Robinson, Portland, contended that the charge was without legal foundation and that on the basis of evidence the defendant could be indicted on, no greater charge than manslaughter.

Judge Page has announced no ruling on Robinson's contention. He informed the jury that he would give them his instructions Monday morning.
