

### Injuries of Mill City People Told

MILL CITY, April 25 (Special)—Ruby Angelsey received painful bruises and abrasions when thrown from a car near Stayton Saturday night. The car door swung open as she leaned against it while rounding a sharp curve. The car was driven by Jack Saddler.

Bonnie McCoy, 13, and Joe Stodola, 12, narrowly escaped drowning Saturday while fishing from floating logs in the Mill City Manufacturing Co. mill pond. A log on which they were standing rolled and they fell into deep water. They managed to keep afloat until nearby fishermen, Floyd Johnson and a companion, received them.

Curiosity paid off in the loss of a thumb and forefinger Tuesday when Jimmy Anderson, 13, failed to recognize a dynamite cap which he found near the mill pond. In trying to determine what the innocent looking object was, he struck it, and caused the explosion which mutilated his left hand and caused powder burns on both hands. He is the son of Mrs. Bill Witt.
